Doctor Declines To Take Lie Detector Test During Quiz Over Wife's Murder

First Breaks Reported for Atomic Strike

Settlement May Be Near After Talk by Mitchell and Reuther

WASHINGTON (AP)—Considerable progress was reported today in secret efforts to settle a three-day strike of atomic workers without resorting to a Taft-Hartley court injunction to end the walkout.

The strike has idled 4,500 workers at key uranium production facilities.

Meets With Reuther

Secretary of Labor Mitchell, handling the labor dispute for President Eisenhower, met until early this morning at his office with CIO President Walter Reuther.

The meeting was reportedly arranged at Reuther's request and attended also by Elwood Swisher, president of the striking CIO Gas, Coke and Chemical Workers, and Joseph R. Joy, a top union official from Oak Ridge.

A source close to the situation said "considerable progress was made."

A presidential inquiry board, meanwhile, went ahead with closed door hearings for a report on the situation to Eisenhower. Once he has the report, the President may under the T-H law direct the justice department to apply for a back-to-work court order.

Quick End Possible

It was expected that unless a settlement is reached quickly—and that was considered possible—the government would act fast in court to get the men back to their jobs.

Mitchell earlier had tried for a settlement but apparently gave up after the inquiry board was named. On Wednesday he reportedly asked the union to call off the strike, in return for which he, as secretary of labor, would help sponsor negotiations. The union turned this idea down. Apparently Reuther's move for a meeting last night revived Mitchell's interest in seeking a settlement.

The strike, involving a dispute over wages, started Wednesday morning, about 12 hour after President Eisenhower had invoked the emergency clause of Taft-Hartley. The President said the strike could hurt this nation's race for atomic supremacy.

On strike are 4,500 CIO union workers at gaseous diffusion plants at Oak Ridge, Tenn., and Paducah, Ky., described by Chairman Lewis L. Strauss of the Atomic Energy Commission as this nation' facilities for extracting U - 235 from uranium. He termed U - 235 "essential to the production of atomic weapons, both fission and thermonuclear (hydrogen) type."

Management officials said "full and maximum" production was being maintained despite the walkout.

Await Board's Report

Under Taft-Hartley's emergency provisions, the government may seek a strike-ending injunction only after a special board has reported to the White House on the facts of the dispute. The board does not make suggestions to settle the dispute.

Eisenhower invoked the act Tuesday night but delayed naming the board member. When the membership was announced yesterday, the board already was at work. It met into the night taking testimony from the company and the unions involved, and from the AEC.

Thomas Keith Glennan, president of Case Institute of Technology at Cleveland and a former member of the AEC, is chairman of the board. Other members are John L. Floberg, a Washington attorney and former assistant secretary of the

Armas Elected President

Rebel Chief Takes Over in Guatemala

GUATEMALA (AP)—Col. Carlos Castillo Armas finally stood at the top of the political heap in Guatemala today. The government announced the rebel chief was elected president of a new three-man junta, the fifth government turnover in less than two weeks.

Col. Elfego Monzon, temporary chief of the five-man junta in charge since last Friday, remained on the new pared-down ruling body.

Holds Reins

But the reins were clearly in Castillo's hands. The third member of the top group, Maj. Enrique Oliva, was defense minister in the provisional government which the rebel leader set up at Chiquimula after his army of Guatemalan exiles invaded their homeland from neighboring Honduras June 18.

A government decree last night said Castillo's election was effective immediately. The announcement said the five members of the previous junta voted unanimously to make him head man at a meeting Wednesday night.

The other two members of the previous group—Lt. Col. Mauricio Dubois and Lt. Col. Jose Luiz Cruz—resigned. In a formal statement they said a smaller group would make governing easier. It was speculated the two would draw diplomatic assignments, one likely in Washington.

Clear-Cut Victory

Castillo's emergence as chief of Guatemala's newest anti-Red regime had been expected for several days. The move finally gave the colonel's liberation army a clear-cut victory.

Most of his followers were openly dissatisfied with the compromise arrangement he reached with Monzo at a peace conference last week in El Salvador. The conference set up the five-man junta which Monzon headed as temporary chief. It was agreed that a permanent president would be picked by July 17.

Castillo's drive into Guatemala from Honduras set off a series of rapid government shakeups. First, ex-President Jacobo Arbenz Guzman, whose government had had Communist support, quit on June 27. A junta headed by Col. Carlos Enrique Diaz, his army chief of staff, took over for one day.

Then Monzon-like Castillo, a strong anti-Communist — stepped in. Through mediation efforts of U.S. Ambassador John E. Peurifoy, Monzon came to terms with Castillo in the El Salvador talks, and they joined forces last Friday.

90,000-Gallon Vat of Caustic Soda Explodes With $100,000 Loss

GARY, Ind. (AP) — One workman was killed and 21 others were hurt in an explosion of a 90,000-gallon vat of caustic soda at a detinning plant here yesterday.

Monderville H. Woodworth, 40, Hammond, died in St. Catherine's Hospital in East Chicago last night, a few hours after the thundering blast.

Charles G. Obertini, 34, also of Hammond, the only other critically injured worker, was reported in fair condition today.

The explosion shattered the 12-ton cover of the detinning vat, 12 feet in diameter and 30 feet high. It virtually wrecked the new plant building, 200 by 500 feet and as much as 150 feet tall. The building was made of a metal alloy, tanite.

Morgan A. Powell, plant manager, said the damage may be over $100,000.

He said the cause of the explosion had not been determined. But Fire Battalion Chief Joseph Zale said a safety valve on the pressure vat probably failed.

The plant, which reclaims scrap metals, had gone into production June 1.

The explosion blew a five-cubic-foot metal casting through the roof. The plant, owned by the Vulcan Detinning Co., is near busy Cline Ave.

Tin cans being reclaimed in the vat were blown against the plant office building 75 feet away and windows in the office were broken.

Czechs Ignore U.S. Demands To Return GIs

Embassy in Prague Hears Nothing From State Department Note

FRANKFURT, Germany (AP)—The American Embassy in Prague said today that Communist Czechoslovakia so far has ignored U.S. demands for the release of seven American soldiers arrested on July 4.

"We have heard nothing from the Czech government since the State Department note," said Embassy Attache Garret Ackerson of Hackensack, N.J., in a telephone interview.

"But you can be sure," he added, "that we will, by all means, continue efforts to obtain their release."

The U.S. note charged the Czechs with abduction of the soldiers—a captain and six enlisted men—and demanded their immediate return. The Czechs claimed the soldiers were on an espionage mission.

The men, stationed in Germany, were seized by Czech frontier guards when they went sightseeing along the border.

Ackerson said the embassy did not know where they were being held. "We have not heard a word from any of them," he said.

Mailmen's Pay Increase Voted

House Group Okays Five Per Cent Boost

WASHINGTON (AP) — Breaking a federal pay logjam, the House Post Office Committee today voted a five per cent pay raise for a half million postal workers.

The increase, carrying a minimum $200 a year increase, was an Administration - backed compromise introduced by Chairman Rees (R-Kas) after the Administration and post office workers ran into a deadlocked dispute over the wage hikes.

Edison Union To Vote

AKRON, Ohio (AP)—Ohio Edison Co. and the striking CIO Utility Workers reached a contract agreement early today that was turned over to union members for a vote.

The walkout continued while members went to polling places. Union officials said results should be known by late tonight. If the membership approves the agreement, work will be resumed immediately, they added.

Koreans Seek Action by U.N.

Red Buildup Lowering Prestige, Nation Says

SEOUL (AP)—South Korea today called on the U. N. Command to restore its "lost prestige" by "prompt and vigorous" action against what it called deliberate Communist violations of the Korean truce.

"The UNC has fallen into a Communist trap which restricts U. N. military power while the Communist buildup continues unabated," said Dr. Karl Hong Ki, government spokesman.

Karl said the Communists have more than 400 warplanes operating from 30 new airfields in North Korea. And he declared that such incidents as the reported firing at a U. N. patrol boat Wednesday "are not accidental."

The U. N. command makes "only token protests" against Communist insults and injuries, he said.

"Only prompt and vigorous retaliation will restore the lost prestige of the United Nations—Particularly among Asians," he said.

Wait-and-See Plan Favored On Red China

Issue Over U.N. Seat Cools After Knowland Tones Down Proposal

WASHINGTON (AP)—The Senate Foreign Relations Committee appeared set to stamp approval today on a wait-and-see plan for dealing with the prospect of Red China's seating in the United Nations.

Sen. Knowland (R-Calif.), author of the toned-down proposal, forecast a favorable verdict in advance of a formal vote scheduled behind closed doors. He was joined by Sen. H. Alexander Smith (R-NJ), acting committee chairman.

Expects Support

Knowland, the Senate GOP leader, said in an interview he expects "tremendous" support from both Republicans and Democrats for his amendment, apparently revised at administration urging from a stiffer version.

The amendment would write into the pending 3½-billion-dollar foreign aid bill:

1. Another congressional statement in opposition to admitting Communist China to the U.N.

2. A request to President Eisenhower—if Red China is seated in either the Security Council or the Assembly—for a statement to Congress on the implications to U.S. foreign policy of the action "together with any recommendations" the President may have.

The amendment's actual wording is a far cry from Knowland's original demand that America promptly withdraw from the U.N. if Red China came in, with this policy to be set by Congress beforehand. It conforms more to Eisenhower's view, as he expressed it Wednesday, and endorsed by Secretary of State Dulles yesterday.

Ike Opposes Seating

The President told newsmen he is "completely and unalterably opposed" to admitting the Peiping regime, but he said the United States should go slow on deciding whether to quit the U.N. as a result. Dulles predicted further that Communist China would not be seated.

The statement was in opposition to a resolution calling on the government "to re-examine its policy regarding the U.N." if Red China is admitted.

A fresh statement of the administration's attitude was given Congress today by Asst. Secretary of State Thruston B. Morton.

Morton wrote Chairman Chiperfield (R-Ill) of the House Foreign Affairs Committee that if Red China joined the U.N. or any of its 10 specialized agencies, "it is axiomatic that we would re-examine our policy regarding the organization concerned, in the light of the circumstances then existing."

"However," the assistant secretary said, "we should not think that the policy we have in mind would be promoted by any congressional action which seemed to take it for granted that the Chinese Communist regime would in fact be seated in the various organs of the United Nations."

Compromise Views

Rep. Bentley (R-Mich), author of the proposed resolution, said in making Morton's letter public that he thought his plan might provide a "compromise" between administration reluctance to being committed in advance and some congressional desires to go on record ahead of the next General Assembly meeting Sept. 21.

"We would have served notice that a change could be expected if

Bus Company To Report on Plans Monday

Will Present Offer At Meeting of Local C. of C. Organizations

A statement of future plans and policies of the Marion City Lines will be presented at a joint meeting of the Retail Board of Managers and Promotion Committee of the Marion Chamber of Commerce Monday noon at Hotel Harding.

This was promised at a meeting of several members of the bus company's board of directors with Marion businessmen and officials of the Chamber of Commerce Thursday afternoon at the Chamber offices.

The statement Monday is expected to give an indication of whether the company plans to continue operations in the city beyond the originial 90-day trial period, which the company says ends Monday, and the basis on which operations would continue.

The company began operation in Marion April 12 on a 90-day trial franchise. It agreed at the time to reopen the question of staying here at the end of the 90 days.

Retail merchants in the city have been underwriting the bus company's operations for the 90-day period.

When the company started operations the merchants agreed to purchase $50 worth of bus tickets per day to help offset any loss.

Marion City Lines is a division of Springfield City Lines.

Military Pay Report Favors Hike to Officers

WASHINGTON (AP)—Asst. Secretary of Defense Hannah said today a new study of military pay shows more money should be paid officers in the higher ranks but not to low rank enlisted men.

In outlining the substance of a still-secret report prepared by a civilian commission, Hannah said a comparison between military men and their civilian counterparts indicated enlisted men in the upper ranks and officers in lower and middle ranks now get about the right amount of pay.

But the study "justifies increases in pay," he said, "for captains (Navy, Coast Guard) and colonels (Army, Air Force, Marine Corps) on up to the top, but no increase for enlisted men in the lower ranks."

The report was prepared by a group headed by Charles R. Hook, Middletown, Ohio, steel executive and consultant to the Hoover Commission on Government Reorganization.

Hannah was asked why the study had not been released earlier since it went to Wilson in April. There "was no particular reason for releasing it," he replied, and later added:

"We don't want to do anything to damage the morale of the people in uniform beyond what it already is."

Mother Feared Son's Driving, Sees Him Killed

Mrs. Helen Casey of near Ironton got out of the car of her son last night because she disapproved of the way he was driving.

Minutes later, she watched as Burton Leroy Casey's car skidded on a curve near Marysville and crashed into a tree.

Casey, 32, a former Marion resident, was killed in the crash.

Mrs. Casey told Union County sheriff's deputies she and another five-year-old son got out of the car because Burton was driving recklessly.

She hitched a ride with a passing motorist and from his car saw the fatal accident involving her son. It took place on Route 4 about two miles from Marysville at 6:45 p.m.

Union County Sheriff Walter Galloway said Casey's car, which was headed south, went out of control on a curve, skidded off the right side of the road, then back across the road into a tree in front of the James Beck farm. Galloway said Casey died instantly and his body had to be cut from the tangled wreck of the car.

He and his mother and brother had been in Marion Thursday visiting his former wife and three children. At the time of the accident they were on their way to visit his sister in Springfield.

He is survived by his former wife, Mrs. Ellorie Casey of 355 Waterloo St. and their three children, Iris, 10, Patricia, 8 and Valerie, 6; his parents; one brother and one sister of Ironton, one sister in Springfield, another brother in Arizona; and both paternal and maternal grandmothers, one living in Cleveland, the other in Ironton.

Builders Agree To Demands of Marion Unions

Laborers, Carpenters, Masons' Tenders Will Receive Wage Boosts

A strike of local carpenters and a threatened walkout of laborers and masons' tenders in Marion appeared to be near settlement today as two major contractors in the city agreed to accept the terms of the new contract asked by the unions.

Officials of the Baldauf Construction Co. signed contracts with the carpenters, laborers and masons' tenders last night, and officials of Steward Construction Co. said today they would in all probability sign the contracts Saturday.

W. C. Stumbo of Stumbo Construction Co. said he was still negotiating with carpenters' representatives in an effort to get a lower rate for home and residential building.

He said he had a meeting scheduled tonight with union represen-

Seek Motive In Cleveland Slaying Case

Not Ready To Submit To Test Now, Deputies Told by Dr. Sheppard

CLEVELAND —County investigators reported today that Dr. Samuel H. Sheppard had refused—for the present—to submit to a lie detector test on the bloody slaying of his attractive, 31-year-old wife.

County Detective Carl Rossbach made the disclosure as the handsome young osteopath prepared to return to his lakefront home to reenact details of the killing last Sunday.

The detective said that after three hours of questioning Dr. Sheppard at suburban Bay View Hospital last night, he asked this question:

"Will you submit to a lie detector test?"

'Might Later on'

He said the husband of the murdered woman answered:

"I understand that instrument and in my emotional state and as sick as I am, it would show some disturbances . . . I might later on."

Dr. Sheppard is suffering from neck and other injuries which he said were suffered in battling his wife's killer or killers. His family and their attorney blocked detailed questioning until yesterday citing his physical condition.

Rossbach said he was not satisfied with the answers the 30-year-old physician gave to many questions and added "we're as much in the dark as we were before."

One of the major points which remains unanswered, the detective said, is what happened to the T-shirt Dr. Sheppard was supposed to have been wearing on the night his wife was hacked to death in her bed.

Doesn't Remember

He said Dr. Sheppard told him "I don't remember wearing one . . . maybe the man I saw needed a T-shirt . . . I don't know."

Rossbach also said he learned from Dr. Sheppard his marriage almost ended in divorce in 1950.

Mrs. Sheppard had not adjusted to the life and hours of a physician and contemplated a divorce, Rossbach said, but changed her mind because of their young son, Chip, now 6.

Rossbach and two other law enforcement officials were able to question Dr. Sheppard in his Bay View Hospital room yesterday only after Coroner Samuel R. Gerber had signed a subpena to speed the investigation. Until then, the doctor's attorney, William J. Corrigan, had insisted he was in no shape to add anything to the hazy account he gave shortly after the slaying.

He broke down and sobbed several times yesterday when he was asked about his affection for his wife, Deputy Rossbach said.

Rejects Flexible Supports

Senate Farm Committee Spurns Benson Requests

WASHINGTON (AP)—The Senate Agriculture Committee by a 13-2 vote today approved a general farm bill containing many features opposed by the Eisenhower Administration.

Chairman Aiken (R-Vt) said he voted to send the controversial measure on to the Senate because "I am confident that it will approve a bill acceptable to the President."

Aiken said Sen. Williams (R-Del) and Anderson (D-N), a former secretary of agriculture, voted against reporting the bill to the Senate because of their opposition to several sections in it.

By an 8-7 vote the committee rejected requests of President Eisenhower and Secretary of Agriculture Benson for a flexible system of farm price supports and asked a one-year extension of rigid 90 per cent of parity supports for wheat, cotton, corn, rice and peanuts.

Aiken said he would ask the Senate to substitute for this a flexible support range of 80 to 90 per cent.

The House already has voted a flexible system of from 82½ to 90 per cent after upsetting its own agriculture committee's demand for another year of rigid supports in major field crops.

Aiken said two other major points in the Senate bill will cause floor battles.

One would raise supports for butter, cheese, milk and dairy products to 85 per cent, or 10 points above the 75 per cent level ordered into operation April 1 by Secretary Benson. The House voted an 80 per cent level.

Aiken said he would ask the Senate to retain the 75 per cent basis because of the huge stocks of cheese, butter and dairy products now in government hands.

KILLED NEAR FOSTORIA

FINDLAY, Ohio (AP)—A two-car collision on U.S. 23, five miles north of Fostoria, last night killed Parlee Binger, 76, of Fostoria.

Loss Over $600

New Hospital Ransacked By Thieves, Tools Stolen

Tools and supplies valued at more than $600 and $25 in cash were stolen in a break-in at the new Marion General Hospital last night.

All three floors of the building were ransacked and various storerooms broken into by prying off locks and hasps on temporary doors, Police Capt. Clyde Hardin reported.

VALUE OF ITEMS known to be stolen is more than $600 with the possibility other tools and supplies were also stolen.

Taken from a locked, third-floor paint store room was $25 in cash from a workman's locker, a bag of tools valued at $5.80; twenty-two paint brushes worth some $180; a quarter-inch electric drill motor and kit valued at $40; and 20 gallons of white and yellow paint worth $90.

Entrance to the locked paint room was gained by prying off a hasp and lock, Capt. Hardin said.

On the second floor, three electric drills were stolen from a room used by the Kewannee Mfg. Co. of Adrian, Mich. Total value of the drills was $162.50.

TAKEN FROM THE first floor was an eight-inch electric saw and kit worth $135.

Captain Hardin said that a plumbing supply store room was also broken into but it could not be determined how much, if anything, was taken. A soft drink machine was also broken into and ransacked with a possible small theft of loose change in the coin box.

The break-in was discovered by Richard Hankinson, assistant supervisor of construction for the Knowlton Construction Co. when he arrived at the building for the day's work shortly after 7 a.m. He called police at 7:40 a.m.

Captain Hardin said there was probably more than one person involved in the break-in and that they apparently were in the building for some time. He also theorized it was not the work of juveniles because of the quantity and types of things stolen.

Harding Class Of 1924 Meets

90 Members, Guests Present for Reunion

Members of the class of 1924 of Harding High School observed their 30th anniversary with a reunion Saturday evening at Hotel Harding.

Approximately 90 members and guests attended. Dinner followed a tour of the new Harding High School.

Ralph Carhart presided as toastmaster and the welcome was extended by Robert Y. Smith who also introduced the class officers, Mrs. Dorothy Briggs Smith, vice president, Mrs. Mary Hughes Garey, secretary and Carl T. Campbell, treasurer. Lorin Allen, president of the class, was not present.

The class song and the Harding High Song of 1924 were sung and during the dinner hour recordings of songs of 1924 were played with Mrs. Ellen Chaney Wiedemann in charge. Mrs. Nellie Paessler Lewis of Placerville, Calif., who travelled the greatest distance to attend the reunion, was presented an album of songs of 1924.

Members of the class were present from Placerville, Pacific Grove and Inglewood, Calif.; Tucson, Ariz., Dumont, N. J.; Silver Springs, Md.; Miami, Fla., Detroit, Pittsburgh, Chicago and points in Ohio. Guests included Miss Lucile Foreman, Miss Isabel Freer, Mrs. Hazel Markwith Slanser, Miss Pancy Rauhauser and Miss Margaret Wolfley, members of the Harding staff.

Greetings were received from Russell Evans, Marion Gilmore Jacoby, Robert B. Jacoby, Evelyn Long Mohr, Helen Monnette Carlson, Dorothy Plock Cox, Harry Rinehart, Lucile Romoser Jones, Eva Cushman Seiter, Dorothy Snyder Dygert, Harold Treby, Hazel Vogle Wallis and Bernice Whitney Donahue. There were 177 in the class.

Members whose deaths occurred since the reunion in 1940 are Nellie Boganwright, Charles Edwin Jones, Mildred Klehm, Louis Roebuck and Allen T. Shaw.

Arrangements for the reunion were in charge of Mr. and Mrs. Robert Y. Smith, chairmen, Mr. and Mrs. Carl Campbell, Mr. and Mrs. L. F. Fetter, Mrs. Wiedemann, Mr. and Mrs. Robert Willey, Mr. and Mrs. Ralph E. Carhart and Mrs. Mary Garey.

the Red Chinese come in," Bentley said, "and any nation which then voted for Red Chinese admission would do so in full awareness of the consequences of such action."

Sen. Smith said he understands the Knowland amendment to mean that "if that crisis should arise" after Congress adjourns, Eisenhower would call the matter to Congress' attention—perhaps by summoning Senate and House leaders to a White House conference. "It doesn't bind us," he said.

Evidence of tacit, if not enthusiastic support from committee Democrats was given by Sen. Fulbright (D-Ark) when asked about the Knowland plan yesterday.

Fulbright, a committee member, said the amendment "certainly is a far cry from withdrawing from the U.N." While he's not advocating the proposal, the senator said, "I have no particular objection to it."

MORROW BUDGET HEARING

MOUNT GILEAD — Hearing on the Morrow County budget was set for July 26 at 10 a.m. in the office of the Morrow County commissioners when they held their regular meeting this week. Commissioners also accepted the plot of the Shaw River addition to the village of Cardington. The six lots are located just north of the present Cardington corporation on Route 529.

Day Camp Activities Make Hit With Girl Scouts

GIRL SCOUT DAY CAMP goes into its final sessions today at Barks Woods, south of Marion. About 200 girls have gathered at the woods every other day during the past two weeks to enjoy the benefits of outdoor experience.

UPPER LEFT: Nothing compares to a freshly roasted wiener, and these girls are getting impatient for their hot dogs to finish cooking.

UPPER RIGHT: It's getting close to dinner time, and the girls are hungry. Waiting for the pan to heat up are (left to right) Virginia Smeltzer, Patty Shenafield, Joyce Sobditch, Judith Stayner, and Mickey Lee.

LOWER LEFT: One of the favorite pastimes of the Girl Scouts was the game of "Indian Sticks." Here Virgie Schnitzler and Vicky Lyndscott engage in the game.

LOWER RIGHT: Making prints of leaves was the occupation of Lee Gustin, Shirley Bailey, Jeanette Burns, Marsha Emery, Janie Stock, Jerry Stock, and Karen Davids. Mrs. Anthony DiMaria gives the girls pointers on this handicraft project.

Flying Saucers Subject of Talk To Kiwanians

Marion Kiwanians heard a talk on "Flying Saucers" when Alfred Tozer, local representative for the Lincoln Electric Co. of Cleveland and an Air Force reserve member, spoke at the club's weekly luncheon meeting Thursday at Hotel Harding.

Mr. Tozer has a degree in electrical engineering and was a captain in the Air Force, assigned to electronic countermeasures.

The speaker declared that when one thinks of flying saucers, the first impression is that they are impossible. But, they are possible, he said.

Inter-planetary travel is possible and perhaps is just getting its start here and maybe has started in another pace, he declared. Basing his facts on his own experiences while in the Air Force, Mr. Tozer said he has talked with people who have seen "flying objects" and have studied them.

He used charts showing the make-up of the solar system in regard to "flying objects." Many reports of "saucers" have come in from all over the world, including some from competent observers, the speaker explained. Also, he said, pictures have been taken of the flying objects.

Program chairman for the day was Robert Fay and the speaker was introduced by Dr. A. J. Wagner.

Presentation of perfect attendance tabs was held with Harold Young in charge. Receiving pins were Grant Hinkamp, W. Lloyd Williams and M. A. Lambroff, one year; Richard Brandt, two years; Karl Bechtle, Ross Jump and Carl Kay, three years; Warren Wise, four years; Harold Fralich and Rex Robinson, six years; Fire Chief Owen Sifritt and Zeb Stout, seven years; A. B. Lawson, nine years; Robert O'Connell, 11 years; Max Birnbaum and John F. Smith, 12 years; Dr. G. G. Nuetzel and Otis Porter, 14 years.

Guests included Wilfred Harris of Reading, Pa., and Athur Haas and Dr. Marion Dunbar of Marion.

Man Loses Chase, Pleads Not Guilty

A Marion County man who gave city police a wild chase early today was released on $400 bond when he pleaded not guilty in Municipal Court today to drunken driving and resisting arrest charges.

Alvin C. Boger, 26, of near Marion was arrested by city police at 2:30 a.m. today at his farm home on Route 98.

Arresting officers said they first saw Boger's car driving erratically on Delaware Ave. and gave chase. They reported they followed him south on Route 23 at speeds between 65 and 90 miles an hour to county road 123, turned east to Route 98, and then to Boger's home where they arrested him in his barnyard.

In Municipal Court today, Boger pleaded not guilty to both charges and trial dates for both were set for July 16.

tatives which was designed to try to obtain a rate lower than the $3 an hour which carpenters are asking.

Harold Steward of Steward Construction Co. said he decided to sign after union representatives showed him contracts with signatures of 12 other contractors on it.

Stumbo said he would probably accept the terms of the laborers union, which would give member laborers and masons' tenders a 17½ cent an hour increase over the next two years.

Will Get $2.25

The present rate for laborers is $2.07½ an hour. Under terms of the new contract their rate will be $2.25 an hour by next July.

Masons' tenders are now receiving $2.22½ per hour. They will be receiving $2.40 an hour by next July.

The old rate for carpenters was $2.75 an hour and the new rate will be $3.00 under the new contract.

Bricklayers are now getting $3.25 an hour, a 10-cent increase over the old rate.

Laborers and masons' tenders are members of the International Hod Carriers, Building and Common Laborers Union of America, Local 574, while carpenters belong to the Carpenters Union Local Union 976. Bricklayers are members of Bricklayers Local 47. All are AFL Unions.

Increase in 3 Increements

Under terms of the new contract with laborers, an increase of two and one-half cents an hour would go into effect as of July 1, with another raise of five cents due Nov. 1 and an additional 10 cents next July 1.

Masons' tenders will receive their boost in the same increments.

Signing the contracts will end a strike of about 12 carpenters in the city, and avert a threatened strike of about 30 laborers on local projects.

Following a meeting with other officers of the Bricklayers Local No. 47, Thursday night, Robert Stock, business agent for the local, made the following statement today regarding the contract recently signed with local contractors.

"We, the Bricklayers Local No. 47, B. M. and P. I. U., presented a proposal to the contractors of Marion asking a wage increase of 10 cents per hour.

"This proposal was accepted and signed by Steward Construction Co., Baldauf Construction Co. Marion Contracting Corp., and Knowlton Construction Co. The contractors accepting and signing are the ones with whom we have always negotiated.

"It is unnecessary for us to attempt to negotiate with other contractors who do not employ union bricklayers."

State Health Fund Drive Opens Here

Mayor Harold F. Robinson became the first person in Marion to buy a share of Ohio's Public Health. The certificate was sold to him Thursday by Dr. M. M. Weinbaum, health Commissioner of Marion.

Certificates are on sale at both the city and county health department offices at $5 each. Money from the sale of the certificates will be used by the Ohio Public Health Association to provide education, nursing, sanitation, nutrition, preventive medicine and other benefits offered by the public health association.

Until this year, the association has operated on funds paid as dues by employes in public health work.

Navy, and Paul H. Sander of Nashville, Tenn., a Vanderbilt University law professor.

The Carbide & Carbon Chemicals Co. operates the struck plants for the AEC. It has refused to offer more than the 6-cent hourly wage boost recommended by a previous government board several weeks ago and rejected by the union, which seeks increases ranging from 15 to 19 cents an hour.

The CIO union originally asked a 21 cents hike but scaled its demand down to 15 cents after rejecting the 6 cents hourly boost recommended. The AFL union has stuck to its original request for a 19 cents an hour increase.

Indiana Soldier, 19, Kills His Brother, 3

Empty Cash Boxes Found by Boy on E. Fairground St.

Sheriff's deputies today were attempting to locate the owners of two metal cash boxes found Thursday afternoon in a ditch on E. Fairground St. outside the city limits near U. S. Route 30-S.

A 12-year-old boy from near Marion, Paul Baker, found the empty boxes in the ditch and called deputies. The officers are certain the boxes were taken in a robbery. The lids were forced open and all contents removed, except a few coin wrappers in one box.

Evidently the boxes had been in the ditch for some time, they said, for the covers were slightly rusted. They described the two containers as Asco Steelmaster office boxes, with black plastic inner trays. They are battleship grey in color.

Deputies said no robberies in Marion county had been reported recently. They were contacting law officilas of surrounding counties this morning to try to identify the boxes.

REPORT POLIO IN MORROW

MOUNT GILEAD — Morrow County's second case of polio this year was reported during the past week according to Harold McCamman, chairman of the Morrow County Infantile Paralysis Foundation. Patrol Reports Two Accidents

Car Runs Off Road In Avoiding Collision

Two accidents were reported in Marion County in the past 24 hours by state patrolmen from the Marion post.

City police reported only two accidents with damage amounting to less than $100. The sheriff's office also reported an accident.

The first of the accidents investigated by patrolmen happened at 11:30 a.m. Tuesday on State Route 98 at the intersection of County Road 132, about three and one-half miles north of Waldo.

Patrolmen report a car driven by Frank E. Roush, 59, of Dayton, swerved out of control and into a ditch when the driver tried to avoid a collision with a car driven by Wade W. Gillespie, 44, of near Marion.

Reports show Gillespie pulled out of the county road into the path of the southbound Roush. Roush swerved to the left to avoid hitting the other car and lost control of his own vehicle. His car went into the ditch and tore down 20 feet of farm fencing owned by Ellis Cline of near Marion. Moderate damage was done to the Roush car.

Gillespie was cited to appear in Municipal Court Saturday to answer a charge of failure to yield the right of way.

Another driver was cited to appear Saturday for failing to yield the right of way when he was involved in an accident at the intersection of County Roads 171 and 197. Patrolmen charge George W. Mekeveer, 42, of Martel pulled his car into the path of one driven by Richard A. Price, 27, of near Martel at 7:35 p.m.

Road 197, on which Mekeveer was driving, deadends at Road 171. The front of Mekeveer's car and the rear of Price's car were both moderately damaged.

Traffic Charge Filed

A charge of reckless operation was filed against Grover F. Hawkins, 27, of Delaware, Thursday after his car turned over on a curve inside Green Camp. Filing the charge was the Marion County Sheriff's department which investigated the accident.

At 3:10 p.m., they report, the car driven by Hawkins went around a curve inside the village of Green Camp and turned over, striking utility pole to the side of the road. They charge Hawkins was driving recklessly at the time of the accident.

He was ordered to appear in Municipal Court today. Only minor damage was done to the top of the car.

Four Youths in County Face Induction in August

Four Marion County youths will be drafted in August, according to an announcement made today by the Ohio Selective Service Commission headquarters at Columbus.

In all, some 1,149 Ohioans will be called into the armed forces during the month, the announcement said. All must be 20 years old unless they are volunteers or delinquents.

The quota for Marion was average for this area. Quotas in the surrounding counties will be as follows: Crawford 6, Delaware 4, Hardin 4, Morrow 3, Union 5, and Wyandot 4.

BUDGET NOTICE

Notice is hereby given that on Monday July 19, 1954, at 8 p.m., a public hearing will be held on the budget prepared by the Trustees of the Township of Montgomery, Marion County, Ohio, for next succeeding fiscal year ending December 31, 1955. Such hearing will be held at the Township House.

Wife of Ohioan Held by Reds Favors Trade

SPRINGFIELD, Ohio (AP) — Mrs. Jerry W. Griffith says she would be willing to give up her own freedom to release her Army husband from Red Czechoslovakia.

Her 21-year-old husband, an Army private, was one of seven American soldiers the U.S. government charges was kidnaped last Sunday by Communists.

The bewildered young wife said she first learned of Griffith's disappearance when she saw his picture on the front page of yesterday's Springfield Daily News.

"I'd even turn myself over to the Czechs to get my husband out," she said. "He was afraid of those Russians."

She said she favored trading three Czech political refugees for the Americans, as proposed by the Czech government.

Mrs. Griffith has been living with her mother, Mrs. Thomas Hall, here since Griffith entered the service in May 1953. She and her husband have been married three years.

Another Ohioan, Pfc. Leonard D. Tennis, RFD 4, Alliance, was among the captured group.

Traffic Cases

Marion Municipal Judge W. Dexter Hazen levied fines totaling $240 against eight drivers when they pleaded guilty to various traffic charges Thursday.

Scott Richard Hassell, 34, of Morral drew the stiffest penalty on a drunken driving charge. He was fined $100 and costs, sentenced to five days in the Marion County jail and his driver's license was suspended for three years.

Three separate charges of misse of a farm license, having no turn signals, and no mudflaps on his truck resulted in a fine of $50 and costs for James R. Fitzpatrick, 47, of Marengo.

Other dispositions were: Clifford H. Wood, 37, of Lima, speeding, $15 and costs; Frank B. Hoffman, 54, of Lorain; passing in a no passing zone, $15 and costs; Francis B. Howell, 45, of Urbana, stop sign violation, $15 and costs; George W. Straiger, 29, of Columbus, passing in a no passing zone, $15 and costs; Leo D. Noble, 24, of Princeton, W. Va., crossing over a yellow line to pass, $15 and costs; and Lewis G. Crowdis, 27, of 252 Pearl St., driving left of center, $15 and costs suspended.

FINED IN MOUNT GILEAD

Henry A. Groblere, 37, of Lakewood was fined $10 and costs by Mayor Emery Murphy of Mount Gilead Thursday. His fine was the result of the only arrest made Thursday in Morrow County by state patrolmen from the Marion post. He was charged with passing at the crest of a hill on U. S. Route 42.

Paradox

By George Sokolsky

SOKOLSKY

What will the United States do with its store of 3½ billion dollars of agricultural commodities? Even the slightly flexible price support bill, which Secretary of Agriculture Ezra Taft Benson, has finally got through the House of Representatives and probably the Senate by the time this is printed, will not solve the problem of our enormous stores.

Obviously the United States needs to stockpile minerals and materials which may not be swiftly accessible in time of war, but agricultural supplies in the United States are available annually, and generally in enormous quantities, beyond our necessities How shall these enormous stores be disposed of?

•:•

FOR INSTANCE, the United States owns 422,220,000 lbs. of butter, 401,982,000 lbs. of cheese, 282,530 000 lbs. of dried milk, purchased by the Commodity Credit Corporation to support the prices of these commodities.

The cost of these items is $492,820,000; what their actual value is no one can say They may have to be given away for nothing to make room for more price-supported items

The United States owns 721 166,000 bushels of wheat and 370,979,000 bushels of corn. The cost of these commodities is $2,494,151 000 Practically speaking, our government has run out of storage space for wheat and corn. Some of it is put in the bottoms of ships that lie in our rivers doing nothing — (the mothball fleet is another story)

Secretary Benson has opposed rigid price support without rejecting the entire doctrine of government aid to farmers designed to safeguard them from the drastic operations of the law of supply and demand, which historically has a tendency to reduce farmers to peasants. The American farmer is an equal citizen in a free society.

•:•

ESSENTIALLY, parity means more than its definition in economics; socially it means equality between the farmer and the city dweller; it means that the farmer is to have as good a home, that he is to own his tools, that his children are to have equal opportunity for education

Parity can never mean that food prices for the cities are to be held up unconscionably and that the entire nation is to be taxed so that God-given food shall rot in warehouses, never to be used, not even as charity for the hungry.

Here is a dilemma of plenty. Usually it has been the opposite, poverty, shortages, hunger have faced a people as a serious problem In the United States there is no poverty (this is categorically correct by any comparative measurement); there are no shortages of agricultural production, this plenty has become a major economic and political problem because no one knows any better what to do with too much than with too little.

In most countries of the world, this paradox is not only not understandable, it is not believed. How is it possible, it might be asked, that a farmer will grow more than he can dispose of?

•:•

A CHINESE or an Indian peasant has enough trouble raising what he needs; a Cambodian peasant in the Mekong River delta knows exactly where he will sell his surplus rice. All of Asia is willing to buy it Yet the United States keeps in storage $8,885,000 of rice, which it will not sell because it was not bought to sell.

It was bought to support artificially a price for a world commodity of which this country consumes comparatively little. There cannot be a rice shortage in the United States and if there were, would hardly affect the food supply of the American people.

Another curiosity of this situation is that while we hold these enormous stores and while we are producing price-supported agricultual supplies beyond our capacity to consume them, imports of these products are coming into the United States from Europe and Canada to compete with the surplus American product Not only that, but the principle of price support has been applied politically to some commodities, such as coffee, to support foreign countries indirectly by making it possible for them to sell their wares to the American people at a price that amounts to a tax.

Some day when politics are not a factor in this situation, a candidate for a Ph D will write a thesis on the price of coffee in 1954.

Cuba Shows Way

By Victor Riesel

RIESEL

For some years now, we have had reason to believe that the Soviets' key underground headquarters for infiltration of our Western Hemisphere was in Cuba. In view of developments in Guatemala, I asked Col. Fugencio Batista, president of Cuba, what his government has done about this Communist "apparat' in his country.

President Batista replied:

Dear Victor Riesel· It is a pleasure to comply with your request for information on the labor situation in Cuba today I know you are interested in finding out just how real the threat of Communism is in Cuba, particularly from labor's standpoint.

The great majority of the members of Cuba's unions — and that includes their leaders — are loyal, patriotic and democratic-minded It is important to keep that in mind in appraising the situation, else we might, in our effort to pin-point the Communist danger, inadvertently do harm to the substantial men and women who make up our unions.

•:•

YOU WANT to know whether the Communists have increased their activities recently in their efforts to penetrate labors ranks. Unfortunately, they have.

Some weeks prior to last May 1, we discovered that Communists were making an all-out effort to infiltrate our unions They planned to provoke public disturbances during May Day celebrations throughout Cuba Further investigation revealed that the Communists had achieved some success in their efforts to worm their way into the unions This was disturbing

Once we were certain of the Communist conspiracy, we acted. First we cancelled all public May Day celebrations. We called in the labor leaders and told them to clean house. We explained to them very clearly that, although the government was in sympathy with the unions' legitimate aims, it woul not tolerate Communist infiltration anywhere —inside or outside labor — and we found that the responsible union people were in complete agreement with this approach.

We felt certain that we blocked the Communists plans to take over the unions, but we dare not, for a moment, relax In preventing the Communists from moving in on labor, we performed a duty to the democratic people of Cuba as well as the democratic peoples of the Americas Furthermore, we believe that the greatest beneficiaries of our activities against the Communists are the union members themselves.

Once Communists win control of a union, the rank-and-file members become serfs and lose all the rights and liberties which are the fruits of democracy.

• •

IMMEDIATELY after the discovery of the May Day conspiracy, the government took several important steps to tighten up on the Communists.

First, we organized an active permanent Commission of cabinet members to sudy means of combatting Communism in our Republic The Commission already has led to the enactment of several laws One law prevents the employment of Communists in any public service, such as the national provincial or municipal governments.

Another makes it a prison offense to send Communist literature or propaganda through the mails, via telegram or cable — or by any other means of distribution

A third provides for the deportation of non-citizens who engage in Communist activities.

Shortly after my government came into power, in March of 1952, we learned that the Soviet embassy in Havana was actually the headquarters for all the Communist espionage and intrigue being carried on throughout the Western Hemisphere

As many as 250 Soviet agents were housed at the embassy at one time There were indications that the embassy was used as an exchange point for spies as well as a factory for the production of fake credentials They enjoyed all the privileges of legitimate diplomats.

•:•

WE CANCELLED the diplomatic privileges of the Communists agents and put an end to the illegitimate activities at the Russian embassy.

Our action precipitated a break of diplomatic relations with Russia. The Cuban government took over the embassy building.

Cuba has no intention of re-establishing relations with Russia!

In Cuba today there is an active anti-Communist organization and some of its leaders are prominent figures in the ranks of organized labor — both industrial and agricultural.

But the long-range fight must be directed toward the elimination of the conditions under which Communism thrives The achievement of that objective is not the responsibility of government and labor alone. It is a fight in which every patriotic citizens must participate to the fullest I have great faith in the Cuban people to carry on that fight in our country

(signed) Fulgencio Batista,
President of Cuba.

Old Fashioned

By Hal Boyle

NEW YORK

It's fun to be an old-fashioned man

I don't help with the housework Well, not much.

Boy that may date me, but don't think being a vintage male isn't fun

HAL BOYLE

I just finished reading one of those quarrel-causing pieces the Ladies' magazines print about whether husbands should do housework.

Some of their conclusions about how many dishes a husband should wash or dry in the evening are supposed to be based on polls.

In 16 years of married life, I have been polled only once—and that in secret—on this important subject

"I have in my hand here a wet plate that my great grandmother carried over the Ozarks at great toil " said my bride, the meal after our honeymoon "Can't you at least dry it without dropping it?"

"No," I eplied frankly, "I cannot "

—:—

SINCE THEN I have been a perfect husband about helping with the house work. When my dear says, "Get out of the way," well—I get out of the way

A lot of husband I meet—once, anyway—say they really enjoy pitching in and doing the housewok. They say a lot of keen guys they know feel the same way.

(Editor's Note· I used to know a guy like that, too. But on the way home he used to pause and throw spitballs at the girls going into the Y.W C A.)

(Boyle's Note: Don't be so modest. We all remember your kid brother. Does he like the new warden better than the old one?)

There are some sociological experts who say that the presence of children in the home is a natural inducement for a father to leap forward and assume a manly share of cleaning and preening the home nest.

—·—

BACK IN 1938 I absent-mindedly scrawled on a filmed-over table top, "Dust this!" Just the other day the baby that came to us a year ago was crawling south on the floor. I felt the situation justified me in scrawling in pencil on the north side of her diaper: "Change this."

These two messages—16 years apart—pretty well sum up my own ideas of how an old-fashioned man can help with the housework. The main idea, as I see it, is to keep the girl on her toes, show her opportunities she doesn't realize, joyous ways she can inflict those small imperishable female touches that distinguish a normal home from all but the better run federal prisons

Writing helpful notes, I have found over the years, is the best way for a man to assist with the housekeping. For example, if you are tired of eating canned hash night after night, why not slip a tender missive under the wife's bobby pin saying

"Remember me? I'm your husband Let's try something new on the front burner."

— —

BUT AS FOR PICKING up that skillet or vaccum cleaner myself, I can't see such an act as anything but an insult to a woman's love of bossing her own empire.

All a man can do is bring home as much bacon as he can, play with the baby so much she gets tired enough to welcome bedtime when she ought to, and praise his wife hardest on the days she knows in her heart she has done the least

As I say, I'm an old-fashioned man But that's my idea of helping with the housework.

BURKE PLUGS SCHOOL AID

WASHINGTON (AP) — Senators from 24 states yesterday were urged by Sen Burke (D-Ohio) to support his bill to relieve overcrowding of schools in areas of high federal employment A hearing on his bill will be held July 16 by the Senate Labor Subcommittee on Education. The bill would extend for two years federal aid for school construction in locations similar to the Portsmouth Area atomic plant

Russians Still Stress Infantry

Value of Foot Soldier Explained by Red Star

MOSCOW (AP) — Russian armed forces are told by their own newspaper, Red Star, that the foot soldier is still the man who wins wars and that the infantry cannot be replaced by air or naval superiority

American naval landings in the Korean War — at Inchon and elsewhere — are cited as proof

"The aggressive war against the Korean people unleashed by the imperialists of the USA," Red Star says, "proved once more that neither aviation nor naval power can substitute for the foot soldier Air and naval superiority cannot compensate for the absence of infantry In this way the 'theory' of converting domination at sea and in the air into domination on the ground could not be proved by experience . . ."

Morrow Countian To Face Murder Trial Next Week

MOUNT GILEAD — Trial of Dave Keen, 73, of Johnsville, indicted on a charge of second degree murder by a Morrow County grand jury will get under way at 9 30 a m. Tuesday morning

Keen is charged with the slaying of his stepson, Stuart Edward Price 30, of Port Clinton and Raven, Va at the front of the Keen home on May 28.

Selection of the jury to hear the case is expected to take most of the morning

Keen has been held in the Morrow County jail since the shooting He was indicted by a special meeting of the county grand jury on June 2.

The shooting reportedly climaxed a family argument. Keen shot his stepson through the heart with a 32 calibre revolver and then received a flesh wound in the right arm as he shot himself.

Deaths and Funerals

Mrs. C. H. Weisman

Mrs. Bessie Waddell Weisman, 71, native of Marion County and widow of Dr. C. H. Weisman of Spokane, Wash., died at 8:25 a.m. today in Marion City Hospital. She was ill two weeks. Coming here two months ago from her home at Spokane for the fiftieth anniversary observance of her class at Ohio Wesleyan University at Delaware last month, she was visiting relatives here when she became ill.

Roy H. Waddell of Summit St. is her brother, and Mrs. Harold Grigsby of Bellefonatine Ave., her sister. Another sister is Mrs. Arthur Harris of Springfield.

Born Sept. 1, 1882, in Richland Township, she was a daughter of Michael and Mary E. Rupp Waddell, the father a native of Richland Township and the mother of Pleasant Township. Her mother died when she was three weeks old, and she was reared by her stepmother, Mrs. Annetta A. Waddell, whose death occurred Dec. 4, last year.

In 1900; she was graduated from the old Marion High School, and in 1904, from Ohio Wesleyan. Before her marriage June 8, 1908, she taught in the Marion schools. A resident of Spokane 46 years, she went there from Marion. Her husband died Feb. 23, 1924. She was a member of the Westminster Congregational Church at Spokane and of PEO Sisterhood Chapter E at Spokane.

Surviving are two children, William Allen Weisman of Bethesda, Md., and Mrs. Robert Brewer of Tacoma, Wash.; five grandchildren; and the brother and two sisters. A son, Carl Herbert Weisman Jr., preceded her in death, and a brother, G. E. O. Waddell, died in 1936.

Funeral services will be conducted tomorrow at 2 p.m. in the Schaffner-Denzer Funeral Home on E. Center St. Rev. Walter C. Eyster will officiate. The body will be sent to Spokane for burial. Friends may call at the funeral home tonight after 7:30.

Judge Enrolls Young Advisers

Youth Panel in Louisville Helps Fight Delinquency

LOUISVILLE, Ky. (AP)—A Louisville judge has turned to an "overlooked source" in the fight against juvenile delinquency—youth itself.

And the judge's nine young consultants have advised him to "get tough," a surprising deviation from the widely held adult view that adolescent law breaking is the result of factors the young do not control

The youngsters recommend that Juvenile Court adopt a stern policy to instill in those brought before it "the fear of the court they should have", that offenders be put to work to pay for damages, and that parents "quit coddling kids."

— —

THE ADVICE CAME after the local youth advisory committee began sitting in on Juvenile Court sessions, talking with authorities and visiting institution. The seven boys an two girls were named by Juvenile Judge Louis H. Jull, who commented:

"It occurs to me that every voice on the subject of juvenile delinquency is an adult voice It may be that most, if not all, adults think of youth as they wish they were, rather than as they are . . . This leads me to believe that we may be overlooking the source which could give us the answers to some of our problems"

Most of the young advisers' suggestions have this underlying pattern give youth more responsibility — both for constructive things it could do and for destructive acts it may have done

The youngest member of the committee, Roger Conwell Jr, 16 says too much blame is being put on parents, when the best way to handle an offender may be to "find him a job and make him pay for damages"

— —

ADVICE FROM Larry Franklin, 17, is that "parents ought to quit coddling kids" He believes too many parents treat youngsters as problem children instead of young people with responsibilities

"Let them grow up," he says "There is too much of adults doing for juveniles, instead of letting the juveniles do for themselves"

The youngsters agree that most juveniles believe offenders put on probation actually have "gotten off" They said, too, that court probation officers don't check often enough on cases that juveniles have "repeatedly broken" probation without penalty

Other suggestions include having teachers and fellow students counsel offenders, having a minister in the court to interest delinquents in religion, and getting "to the base" of delinquency "before it happens" — in the home

The oldest member of the committee, David DeNunzio, 19 advocates interesting delinquents in sports But one of the girls Pat Johnson, 18, adds this qalification "Athletics could help but too many schools are out to win instead of for the joy of playing—there's not enough participation"

One evil, the committee agrees, is the publicity given delinquents—"it gives glamor to the guilty ones"

25 Years Sees Big Change at Port Columbus

COLUMBUS, Ohio (AP)—Port Columbus, celebrating its 25th anniversary this weekend, yesterday bowed to the past and offered a preview of aviation service for the future.

The new service will be helicopters used to shuttle passengers from the downtown area to the airport. The road distance is about 10 miles

The airport is celebrating its first commercial flight and the first transcontinental air-rail passenger service of July 8, 1929

Yesterday a helicopter spun away from the airport and eight minutes later landed on a 35-acre tract along the Scioto River in the city. City council has designated the site for a heliport shuttle service to Port Columbus

Feller Nails 255th Win, Boosts Tribe Lead to Four

Houtteman and Big 3 Ready For 4-Game Chicago Series

CHICAGO (AP)—Just 18 years ago this week, a fuzzy cheeked Iowa farm boy stepped out on the mound in a new Cleveland Indians uniform and proceeded to strike out eight of nine St. Louis Cardinal players.

Yesterday, Bob Feller fanned six Baltimore Oriole batters for his 255th victory in the majors and a strikeout record of 2,511.

That put the 35-year-old right-hander third on the roster of all-time strikeout greats and ahead of Christy Mahewson, holder of the National League record of 2,505. Only Walter Johnson, with 3,508 and Cy Young, with 2,819 have more.

In fifteen seasons with the Indians, Feller has hurled three no-hit games, a major league record he shares with Cy Young.

His service with the Indians was interrupted by more than three years of Navy duty during World War II.

So far this season, Feller has posted six victories against one loss. He pitched six complete games out of nine starts and issued only 17 walks in a little more than 66 innings.

Yesterday's game, which put the league-leading Tribe four spots ahead of the New York Yankees and seven in front of the Chicago White Sox, was a seven-hit, 4-1 affair.

Afterwards, the veteran blinked his brown eyes and said:

"I fired the ball by a couple of them. That doesn't happen too often anymore.

"Except for the seventh inning, I was putting the ball right where I wanted it, even cutting the corners with those 3-2 pitches."

The Orioles got their single run in the seventh after Feller served Vern Stephens a single and walked Chuck Diering; then Clint Courtney forced Diering and Stephens scored on Bob Young's flyout.

But the Cleveland pitcher recouped by singling in the only Cleveland run not scored on homers by Jim Hegan and Wally Westlake.

Feller says:

"I figure I'll get about 10 more starts this season. Sure 15 victories would be a nice total, but it'll take a lot of pitching to make it."

Stooping over a suitcase while packing for the Indian's' weekend road trip, the hurler said:

"Probably won't be much to do but sit around in Chicago. But if they need me, I'll be ready."

Sweeping a three-game series against Baltimore, the Indians collected eight hits yesterday.

Hegan's circuit clout—the Tribe's first hit—came in the third inning. It was his fifth of the season.

Westlake's sixth - inning homer was his 10th of the year, and came after Al Rosen singled.

In the fifth, loser Lou Kretlow walked Dave Philley, who got to second when George Strickland bunted safely. Philley scored on Feller's single.

The victory gave the Indians an 11-2 record against the Orioles.

Art Houtteman goes for the Tribe in tonight's game against the White Sox. He faces Bob Keegan, who has an 11-3 record.

Following Houtteman to the mound in the four-game series will be Bob Lemon, Early Wynn and Mike Garcia. Chicago will probably use Virgil Trucks, Billy Pierce and either Don Johnson or Jack Harshman.

NORWALK SEEKS COACHES

NORWALK, Ohio (AP) — Norwalk High School is in the market for three new coaches. Don Buckeye, assistant grid and cage pilot, is destined for duty in the armed forces soon. Alvin Flint, another assistant, has resigned to enter private industry. Carl Seibel, long-time coach and physical education director, has been ill for some time and will not be able to work for an indefinite period.

Cards Sink Redlegs in Mound Duel

CINCINNATI (AP)—The St. Louis Cardinals and the Cincinnati Redlegs changed the script a bit last night but the result was the same—a Card victory by a 2-1 count.

The tight pitching duel involving Joe Nuxhall and Howie Judson of the Reds and Harvey Haddix and Gerry Staley of the Cards was decided departure from usual Cincinnati-St. Louis games. The pitching staffs of both clubs are none too strong, so as a rule the hitters belabor the hurlers with great abandon.

Last night, however, there wasn't a single extra base blow. Nuxhall allowed only eight hits in his losing effort and Haddix and Staley gave up 11 to the Reds. Judson escaped unscathed in the one inning he pitched.

The defeat, the third straight at the hands of the Cardinals, dropped Cincinnati back into a tie with St. Louis for fifth place in the National League.

Tonight the Redlegs open an extended home stand against Milwaukee's fourth place Braves and Bud Podbielan was slated to pitch against Ernie Johnson.

There were plenty of hits in the first few innings but the runs were scarce. The Cards got both their tallies in the second. Joe Cunningham and Alex Grammas singled. Haddix drove Cunningham home when he lunged at the ball with his bat and popped it into centerfield for a single. Wally Moon's one-base blow counted Grammas.

The Reds got their run in the third on singles by Nuxhall, Charlie Harmon and Gus Bell.

In both the first and third, however, the Reds blew scoring opportunities when Jim Greengrass hit into double plays.

Double plays also chopped off the Cards in the third and fourth and put an abrupt end to the scoring in the second.

Ex-Brook Pilot Says Pitching Brought Slump

PORTLAND, Ore. (AP)—Chuck Dressen, who is having some pitching staff trouble of his own, thinks that maybe pitching is at the bottom of Brooklyn's troubles in the National League pennant race.

"You can't always tell from the box scores what the trouble is," said the former Dodger manager, explaining that he didn't want to try to analyze Brooklyn's comedown from this great distance.

He added, however, that he had noted "even Don Newcombe hasn't been able to win consistently. He won 20 games for me in 1951. And Joe Black, Russ Meyer and Carl Erskine aren't having good seasons."

The Giants took advantage of this to turn the tables on the Dodgers, said Dressen, who quit as the Dodger manager last year to become manager of Oakland in the Coast League.

"Last year we (meaning Brooklyn) beat the Giants 15 times—and 10 of those were in a row," Dressen recalled. "This year Brooklyn already has lost more games to the Giants than all of last year."

Dressen finds himself in about the same position as Brooklyn. His Oakland team is lagging about five games behind the Coast leaders. Several of his pitchers have not come through as expected.

GIANTS GREET THEIR FANTASTIC HOME RUN HITTER. Willie Mays gets a hero's reception at the New York Giants dugout following his first-inning home run against the Brooklyn Dodgers at New York. It was Willie's 29th homer of the 1954 campaign. Later in the game the "Hey Say" outfielder hit No. 30.

Dodger Outlook Gloomy

Giants Snatch Sixth Straight From Slipping Brooklyn 11-2

By JOE REICHLER
AP Sports Writer

Collapse or slump? Take your pick. It depends upon whether you are anti or pro Brooklyn.

Not since they "blew" the flag in the dog days of 1951 have the Dodger fortunes been at such a low ebb. Within a space of 10 days the tired and dreary Dodgers fell from the National League lead to a poor runner-up spot, 6½ lengths off the pace.

Old age, injuries, weak hitting, spotty pitching, sloppy fielding and bludgeoning Giant bats all contributed to the Dodgers' sharp decline.

Whether the Dodgers can right themselves is anybody's guess. Only once before in the last six years have the Brooks been so badly off. That was in 1950 when they trailed the Philadelphia Phillies by eight games in September. They came on with a rush then only to lose a chance for a tie on the final day of the season.

The outlook is much gloomier now. First of all, this time they have to contend with a "hot" New York Giant team that is rushing through the league like wildfire instead of a weary Philadelphia club staggering to the finish line.

To add to their confusion, the Dodgers, meek as lambs against Giant pitching, reportedly are doing all the battling among themselves.

After Brooklyn had dropped its sixth straight to the Giants yesterday 11-2, pitchers Russ Meyer and Don Newcombe reportedly almost came to blows in the clubhouse and had to be separated by teammates. Both players denied it, however.

Newcombe admitted he questioned Meyer about a pitch Russ threw which hit Monte Irvin of the Giants in the seventh inning. Irvin, who barely had escaped being hit with the previous pitch, became angered at what he called a "deliberate" duster and called Meyer several uncomplimentary names, among them "gutless." It took some fast interference by the umpires to avoid further complications.

"What does he (Irvin) think he is?" Meyer growled. "Does he think he is a privileged character that we can't throw at him? They throw at our fellows. This is baseball, not tea and crumpets."

Once again it was Willie Mays who led the Giant charge. The spectacular center fielder smashed his 29th and 30th homers to drive in five runs. It gave him four homers in the three-game set and nine in 12 games against Brooklyn pitching this season.

Ruben Gomez, the Puerto Rican screwball pitcher, limited the Dodgers to seven hits and fanned eight for his eighth triumph. Hours later, Gomez registered at a hospital for a tonsilectomy to be performed today.

Only four other games were played yesterday. Cleveland's American League-leading Indians boosted their margin over the idle New York Yankees to four games, defeating Baltimore 4-1 behind the seven-hit hurling of Bob Feller. Homers by Jim Hegan and Wally Westlake were all the runs Feller needed.

Detroit's Steve Gromek dropped Chicago seven games behind Cleveland, shutting out the White Sox 2-0 on seven hits. The Tigers' Ray Boone drove in one run with a double and scored the other. He also had two singles.

The St. Louis Cardinals bunched four singles in the second inning to defeat Cincinnati 2-1 and gain a tie with the Redlegs for fifth place. Harvey Haddix chalked up his 13th triumph.

Randy Jackson walloped his 17th home run early in the game, then singled in the 14th inning to drive in the run that gave the Chicago Cubs a 9-8 victory over Milwaukee. Rookie Bill Tremel pitched seven innings of scoreless relief for his first major league victory. Bob Buhl was the loser.

Erie Shuts Out UAW; Shovel, Local 750 Post Softball Wins

Erie No. 1, Marion Power Shovel and Local 750 were winners last night in softball action at Garfield Park.

Erie No. 1 blanked UAW 1039 4-0, Marion Power Shovel edged Marion Engineer Depot 2-1 and Local 750 outscored OSCO 5-4 in Industrial No. 1 League play.

Kunkle hurled the shutout over UAW, permitting only six hits. His mates gave him a run in the second, enough for the victory, and three more in the following inning on seven hits off the offerings of Thorpe. Four of those hits came in the third. Bus Gruber pounded out a home run and single while C. Gruber had a pair of singles.

Single runs in the third and fourth frames carried Marion Power Shovel to its win over the Depot nine as Wilcox hurled four-hit ball. The winning run in the fourth came on two hits and an error, with Ed Morse scoring. The Depot squad scored its only run in the second as Shovel pounded out a seven-hit attack off Lewis for the win.

A run in the bottom of the eighth gave Local 750 its win over OSCO. Both teams scored once in the first, twice in the second and once in the fifth to send the contest into overtime. Sloat and Taylor held the losers to four hits while Local 750 was netting seven off OSCO Pitching. Hanovich punched out two hits, scored a run and batted in the winning run in the eighth while Sonny Taylor also contributed a pair of hits.

Ohio Links Stars Girding For Year's Busiest Week

COLUMBUS, Ohio (AP)—The biggest week in Ohio's big-time golf schedule gets under way Sunday, with Toledo, Cincinnati, Cleveland and Sylvania as the battlegrounds.

Professionals of both sexes will fire for $30,000 cash in two tourneys, and the state's amateur crowns for both men and women will be up for grabs in the other two.

Here's the slate:

Ohio Amateur at Sylvania Country Club, Monday through Saturday, with Arnold Palmer, Cleveland coast guardsmen, defending the title.

Ohio Women's Championship, Monday through Friday at Cincinnati's Losantiville Club. Claire Doran of Cleveland won the 1953 laurels.

Manakiki Open, Thursday through Saturday at Cleveland's Manakiki Club, with the country's top professionals dividing the $25,000 pot of gold. Dr. Cary Middlecoff, the Memphis dentist, triumphed a year ago.

Inverness Invitational, next Friday through Sunday, with nation's best feminine stars fighting for $5,000 purse at Toledo Inverness.

Also of note is the national public links meet at Dallas, starting, tomorrow, with about 20 Ohioans seeking the fee course crown.

W. H. Margraf, secretary of the Ohio Golf Association, said the state amateur entry list soared over the 100 mark today, not including some 24 public links representatives who will try to wrest the title from the private club contingent for the first time.

In addition to Palmer, former champions entered include Francis Cardi of Columbus (1952), Tom Jones Jr., of Youngstown (1951), and Ed Preisler of Cleveland (1946). Gene Cardi of Columbus, brother of Francis and recent winner of the state junior title, also is entered.

Margraf said the accent would be on youth in this year's test, the field being filled with young shot makers.

Carol Diringer, who lost to Miss Doran in last year's women's state finals, is among the entries for the feminine clash at Cincinnati, but Howard Saunders of Gallipolis, runner-up for the men's amateur, hadn't filed an entry up today for the Sylvania event.

The male amateurs play 18-hole qualifying rounds Monday and Tuesday to qualify 64 for match play running through Saturday. The girls have an 18-hole qualifier Monday, and single rounds of match play through Friday for the title bracket of 16.

The Inverness club, after years of round-robin play and one 72-hole medal play test for a selected field of male professionals, shifted this year to the feminine contingent. The group—headed by such stars as Louise Suggs, Patty Berg and Babe Zaharias — as a pro-amateur scheduled next Friday, followed by 18 - hole medal play rounds Saturday and Sunday.

For the week Ohio has 17 days of championship golf on tap. Add Tuesday's all-star baseball game at Cleveland, and it figures out as the year's biggest sports splurge within the Buckeye confines.

Goodyear Wins

City Bank Little Leaguers Clip Isaly's Champions 7-3

National City Bank and Goodyear turned in triumphs last night in Little League action at Robert Scott Field.

Isaly, which has aleady clinched the American League title, was dumped 7-3 by the Bankers after Goodyear outscored Marion County Bank 9-7 in the opener.

Six runs in the final two frames carried Goodyear to its victory over Marion County Bank. The winners netted four on two hits in the fifth and two on a safety in the sixth while the Bankers only managed to make it a closer ball game with two runs on no hits in the bottom of the sixth.

County Bank had started off with five runs on four hits in the first but was held scoreless on three hits until the final frame. Goodyear had sent three runs home in the top of the opening frame on a pair of hits and then went scoreless on two hits until the last two innings.

Both squads pounded out seven base hits. Dwight Whetro, the Goodyear starter, received credit for the win, his fourth against two setbacks, although he was relieved by Jerry Smith in the sixth. The pair of hurlers fanned 10 while walking four. Gary Craft took the loss for the Bankers, his third against no wins. Moore came on in the fifth. The County Bank flingers struck out three while issuing seven free passes to first.

Dwight Whetro and Don Bush both had a pair of hits for the winners while Pete Sykes unloaded his third homer of the season to start the fifth inning fireworks. Gary Craft paced the Bankers' hitting attack with a pair of hits while Keith McFann tripled.

Hindman and Reichardt combined to hold Isaly to four hits in the National City Bank win in the nightcap.

Hindman started and received credit for the win, his fourth against as many losses. Reichardt relieved him in the fourth. They struck out 11 and walked nine while hitting two batsmen. Kelley went the distance for Isaly, giving up six hits in losing for the first time. He had won five straight decisions. Kelley fanned 10 while walking six.

The winners scored three in the second on a pair of hits, twice in the third without benefit of a single hit and twice in the sixth on three blows. Isaly netted two runs in the second on a hit and one run in the fourth on a hit.

Porietas paced the City Bank attack with a pair of hits while Combs added a triple in the sixth to the winners' attack.

Kelley was Isaly's best plate man, contributing two of his team's total four hits.

Current Increases Record at Hilliards

COLUMBUS, Ohio (AP) — Young Bill Current, 25-year-old driver from Wilmington, Ohio, last night rode to first place in driver standings at Hilliards Raceway. He scored two wins and a second place.

Hoote Suite, a three-year-old bay filly driven by Current, captured both heats of the Home Talent Colt Stake for three-year-old trotters. She ran at 2:14 and 2:14.6. The purse was $1,000.

No bets were taken on the home talent event, an added attraction on the nine-race card.

Open Final Round

Demaret, Turnesa Lead U.S. Contingent in British Open

SOUTHPORT, England (AP)—Americans Jimmy Demaret and Jim Turnesa checked scores as 50 survivors went into the final 36 holes of the British Open Golf Championship today—"and this championship can still go to Uncle Sam," said Turnesa.

Bill Spence, who was ordered by his doctors not to play any more golf, held the lead at the halfway mark with a 141 yesterday. Argentina's Antonio Cerda was a stroke behind.

Demaret, of Kiamesha Lake, N. Y., and Turnesa, of Briarcliff, N. Y., had 144s. Tied with them were Australia's Bill Shankland, Ireland's Harry Bradshaw and England's J. R. M. Jacobs.

Tied for third place were Sam King and Six Scott of England, Peter Thomson of Australia and Dai Rees of Wales with 143.

Amateur Frank Stranahan of Toledo, Ohio, and veteran pros Al Watrous, Birmingham, Mich., fired 148s and Gene Sarazen, Germantown, N. Y., shot a 149 to qualify for the final round. However, Cincinnati's Tony Pennap lost out with a 77 for a 153 total. A 151 or better was needed to qualify.

"I am in there battling even if there is the slightest chance of victory," said Turnesa. "I would give a lot to see my name on the British Open trophy. I could have easily shot a 68 yesterday but maybe I will do it today."

Turnesa carded a 36-36—72 over the 6,837-yard, par-73 Birkdale course.

Jones Winner Of Feature at Richwood Oval

J. L. Jones of Richwood copped the feature event at the Richwood Speedway Thursday night. Following him across the finish line were Jim Hamilton of Richwood, Joe Erwin of Richwood and Chet Johnson of Radnor.

Johnson took the first race of the program with Chet Howard of Mount Gilead and Joe Wallace of Richwood following in that order. Wimpy Jordan of Richwood and Dick Pugh of Raymond hooked bumpers in that race and crashed into the guard rail.

The second event went to Erwin. Jim Hamilton was second and Whitey Dodson came in third. Marion Coder of Richwood nosed out Pugh in the third dash and Walt Hamilton of Richwood squeezed in third place.

Johnson took the No. 1 spot in the winners' handicap dash with Dodson holding down second and Walt Hamilton grabbing third. Truman Radenbaugh of Delaware took the consolation event with second going to Dodson and third to Bob Brown of Delaware.

The Australian pursuit race was captured Jim Hamilton, Johnson nailed the runner-up spot and Erwin came home third.

The race session marked the first of the year at the Richwood track for strictly stock cars. A large field of cars turned out and track officials plan strictly stock session each Thursday night throughout the season.

Marlin, Jones Win In Tag Team Bout

Farmer Jones and Farmer Marlin won over Ivan Rasputin and Benito Gardini in the main event of Thursday night's wrestling card at the armory. The pair was signed for a return appearance here next week against Gypsy Joe and the Shiek of Araby.

Farmer Jones took the first fall of the bout after 21 minutes when he pinned Rasputian after landing a mule kick. Marlin took the second fall with the same maneuver against Gardini. That fall went 18 minutes.

Gino Angelo won the semi-final bout in straight falls from Charley Carr. He copped the first after 19 minutes by using a reverse full nelson and the second fall was awarded Angelo when Carr refused to break a strangle hold at the count.

French Roy and Chuck Molnor wrestled to a draw in the 30-minute preliminary match.

Claire Doran Tops List For Ohio Golf Tourney

CINCINNATI (AP) — Miss Claire Doran, the Cleveland school teacher who won both the Women's Western Amateur and the Ohio Women's Amateur golf tournaments last year, heads a list of 105 entrants for the Ohio Tournament starting here Monday.

The field, including most of the state's finest golfing gals, will play an 18-hole qualifying round Monday over the Losantiville Country Club's 6,432-yard layout. Par for women will be 38-37—75.

The 16 low scorers then will go into match play with the 36-hole final round scheduled for next Friday.

Al Rosen of the Cleveland Indians was nicknamed "Flip" when he pitched on a softball team while in high school.

Mays Blasts 2 To Pass Ruth's Halfway Mark

NEW YORK (AP) — Two weeks ago when Willie Mays was first made aware that Babe Ruth once hit 60 home runs in one season, he found it difficult to believe. Today, the spectacular "Say Hey Kid" of the New York Giants is being given a better than even chance to break the Bambino's 28-year-old mark.

With 30 home runs already to his credit, the slugging centerfielder is three home runs ahead of Ruth's record 1927 pace. Barring injuries or a protracted slump, the 23-year-old phenom should give it a good battle.

Back on June 21, after Mays had banged his 20th home run, Marv Grissom, his teammate, kiddingly remarked to Willie:

"If you keep that up, Willie, you're liable to break Babe Ruth's home run record of 60 homers in one season."

Mays gave Grissom a questioning look.

"Nobody can hit that many home runs," he finally declared emphatically.

Mays is not the first to be ahead of Ruth's pace at this stage of the season. Jimmy Foxx, Hank Greenberg, Hack Wilson, Johnny Mize, Ralph Kiner and Eddie Mathews had more homers than the Babe at the midseason mark, but none of them could match Ruth's killing September pace.

That's the month that killed them all off — September. It was during that final month of the campaign that the Babe was at his best — slamming 17 home runs, including three in the final two days.

But Willie may pile a big enough lead to offset the Babe's September pace.

A check of Ruth's 1927 season shows that he hit only nine homers in July and nine in August. Thus he entered September with 43.

Mays, with 11 homers in May and 10 in June, already has hit six in the first eight days of July. He walloped his 29th and 30th yesterday in his 80th game. Ruth did not have 30 homers until his 83rd game. Then followed a 10-game drought. He didn't get his 31st until his 94th game.

How does Mays feel about his homers

"Don't ask me that," he replied. "I don't want even to think about home runs. All I do is go up and swing. Every time you start thinking about home runs, you stop getting them."

IT'S A ROUGH GAME. Veteran golfer Gene Sarazen, 52-year-old grandaddy of the U.S. delegation in the British Open tournament, wears a determined expression as he chops out of the rough during a qualifying round this week at Southport, England.. The colorful Germantown, N.Y., golfer who still clings to the knickers costume of early links days, was among the five Americans who qualified for the final 36 holes.

Philadelphians Open Attempt For Saving A's

PHILADELPHIA (AP)—A drive among Philadelphia business leaders to whip up support for the Philadelphia Athletics has already received two pledges totaling $55,000 worth of tickets.

Mayor Joseph S. Clark Jr. called some 90 business and civic leaders into his City Hall office yesterday and dumped the problem of keeping the Athletics' franchise here squarely in their laps.

He said the city cannot put up any money to keep the ball club in the city where it began its once-illustrious history 54 seasons ago. But he pledged the "full strength of (the city's) public relations" behind the movement to prevent the financially distressed team from leaving.

It was estimated that some 420,000 paid admissions are needed in the 32 home playing dates (39 games) remaining on the Athletics' schedule in order for the club to break even financially.

Yesterday's pledges—$50,000 of which came from the president of a drugstore chain—represent about one eighth of the total needed.

Roy Mack, executive vice president of the Athletics, said after the meeting that it would take about two weeks for the drive to show results. And he repeated previous denials that the club would be sold or transferred to another city.

TEAM SEEKS BOOKINGS

The Eaton Manufacturing Company softball squad is seeking bookings with area teams for weekend and Monday night contests. Team managers and coaches may arrange games by contacting Richard McCoy at Unit 68 in the Veterans' housing village or by calling 3-7757.

GAME SET SATURDAY

Mac's Trading Post, Commercial League powerhouse, will meet the Sons of Herman softballers from Mansfield, Saturday night at Garfield Park. The contest is slated to get under way at 7:30.

Experts disagree as to why crickets sing, explanations varying from mating call to battle cry — or just self expression.

Child Hit by Truck In North Robinson

BUCYRUS — A four-year-old North Robinson girl was reported in "fairly good" condition today at Bucyrus City Hospital where she was taken after being hit by a truck Thursday afternoon.

Monica Elaine Alt, 4, daughter of Mr. and Mrs. Jerome Alt of North Robinson suffered lacerations of the head and possible fractures of the right leg and left shoulder when she was struck by a truck in North Robinson about 3:15 p.m. Thursday. The truck, owned by Ewalt's Furniture Co. of Tiffin was driven by Forest J Kisabeth of near Tiffin. He was accompanied by Richard Ewalt of Tiffin.

Sheriff Elwood Jacobs, who investigated the accident, said the truck was going north through the village when the Alt girl ran across the road from the west side and was hit. Witnesses said the youngster had stopped to wait for a passing southbound car and then darted across the street. She was thrown onto the berm off the east side of the road by the force of the impact.

The driver of the truck is not being held.

Marion's Teen League Teams Roll to Wins

Marion's entries in the Marion County Teen League, Fraternal Order of Police and Marion Indians, both turned in one-run decisions over county opponents last night at Lincoln Park.

The Fraternal Order of Police squad trimmed Morral 5-4 while the Marion Indians club edged Green Camp 7-6.

The FOP squad won its game in the bottom of the eighth when Tex Burns stole home on Johnson, the Morral hurler, after leading off the frame with a long fly which the Morral centerfielder dropped for a two base error and moving to third on a sacrifice.

Gallimore went the distance for the winners, allowing only five hits while striking out 15 and walking five. Craycraft hurled the first seven innings for Morral while Johnson came on in the eighth. Craycraft gave up eight safeties, struck out nine and walked two.

The locals netted their first run in the third and got another in the fifth on three hits to come from behind and knot the score at 2-2. Morral had posted a pair of runs in the fifth on three hits, then added two more on two hits in the sixth to go out front 4-2 before Marion retaliated with two runs on three hits in the bottom of the same frame to tie the score. Pinchhitter Butch Simpson drove in the runs with a single.

Burns led the Marion offensive with a pair of hits while Williams, Bailey, Ellwood, Messner, Simpson and Gallimore all added hits. Johnson had two for Morral.

Three runs in the fourth inning proved to be the winning margin for Marion's Indians in their win over Green Camp.

The locals scored two runs in each of the first two innings prior to the fourth while the losers scored once in the first, four times in the third without aid of a hit and once in the fifth.

Jones and Carroll shared pitching duties for Marion, Jones hurling the first two and one-third innings and Carrol the last four and two-thirds. They gave up only two hits while fanning 14 and walking 12. Louis Finch of Green Camp was tagged for six hits by the locals. He struck out eight while walking thee and hitting two batsmen.

Carroll led the winners' hitting attack with a pair of hits while Smith, Jones, Kurz and Lavender all added a hit apiece. Wasserbeck and Finch collected the Green Camp hits.

Mrmbers of the FOP squad have been asked to report to Lincoln Park Monday at 6:45 p.m. for their game at LaRue at 8 p.m.

Indianapolis Hosts Second-Place Club

By The Associated Press

St. Paul' Saints move into the stronghold of first-place Indianapolis tonight to open a four-game series which may determine whether the American Association will have a pennant race or a routine playing out of the schedule.

The pursuing Saints, who have been hacking away at the Indians' lead in the past week, were cooled off 3-2 by Kansas City last night. That snapped a five-game St. Paul winning streak and dropped the Saints eight and a half games back as Indianapolis split a doubleheader with Minneapolis.

Lefty Herb Score struck out 14 Millers and allowed only five safeties as the Indians copped the nightcap of their twin bill, 2-1. Bases-empty homers by George Wilson in the fifth and Rance Pless in the seventh paved the way for a 5-3 Minneapolis victory in the opener.

The Toledo Sox broke a four-game losing streak as they beat the Columbus Red Birds 6-3 in 12 innings behind the six hit pitching of Charlie Bicknell.

Bob Brown's roundtrip blow with two aboard highlighted a five-run second inning as Louisville dumped Charleston 10-3.

Yesterday's Stars

By THE ASSOCIATED PRESS

PITCHING — Steve Gromek, Detroit Tigers, blanked the Chicago White Sox 2-0, posting his 10th victory of the season as he scattered seven hits.

BATTING — Willie Mays, New York Giants, hit his 29th and 30th home runs of the season, driving in five runs as the Giants trounced the Brooklyn Dodgers, 11-2, for the sixth straight time.

The 4,192 cars produced in the United States in 1900 were valued at nearly five million dollars.

BETTER THAN BEER?

can it be?

Try Carling's Red Cap Ale

...and see!
At Carling's we brew both beer and ale—and each is mighty popular. But more and more people are telling us Carling's Red Cap Ale gives them more pleasure than any beer they ever tasted. They say it's light and dry as the smoothest beer, yet with that extra flavor—that "heart" which only a fine ale can provide! They call it the "light-hearted" ale.
Tonight, why not try it? See whether you are one of those who find Carling's Red Cap Ale tastes even better than beer!

M. Sullivan Visits Paris

Monsieur Ed Sullivan recently journeyed to Paris where he gazed with admiration upon the heroic nurse of Dien Bien Phu and other things French. This visit provided the French an admirable opportunity to gaze upon Mr. Sullivan which, helas, they did with something less than admiration.

J. CROSBY

I refer you to the work of M. Michel-Droit writing in Paris' highly esteemed newspaper, Le Monde:

"M. Ed Sullivan, producteur of 'Toast of the Town,' who for six years triumphs each Sunday over the antennas of the CBS-TV before 35,000,000 telespectatteurs Americains, is in Paris. He has come over especially to film the Moulin Rouge and other places he esteems as 'very Purisienne' for the 312 emission of his series which will be at the same time his anniversary.

"But having brought in his valise the kinescope of one of his most successful shows, and having shown the projection to some critics and also certain producers of French television, he has exposed to these last-named the greatest encouragement that they could possibly expect from a man of similar trade.

-:-

"I FOLLOWED with great attention the unrolling of the program of M. Sullivan and I have not had need to meditate very long on the figures of which he informed us with a charming frankness (120 persons and 100,000,000 francs at the service of each emission of 60 minutes) to conclude that with a budget 50 times leaner and 5 times fewer personnel, Jean Nohain has been able to earn out gratitude and Giles Margaritis to 'invent a television program' in each of his productions.

"I greatly regret that 'Toast of the Town' has not been projected on our domestic screen or even has not been shown in that saison internationale whose success is indisputable. The telespectatteurs European would have been able to derive some great measure of optimism or at least some reserve in their own judgment of their own shows, if they could witness one of these king-sized TV spectacles from across the Atlantic.

"For, enfin, aside from an extraordinary number by the ventriloquist Senor Wences — who did the same act for two years at the Lido (in Paris) — and a 'version Americaine' of Patachou to which I far away prefer 'the version Francaise' to the point of earnestly recommending it to my Yankee friends if they don't know it — apart from that, what a sadness the show was! And I pass over in silence the announcements which engaged us regularly to roll in one make of automobile in preference to another make!

-:-

"THE ONLY PROFITABLE instruction absorbed from the lesson of M. Sullivan: the remarkable quality of the kinescope which he showed to us and which leads us into sad dreams — when one thinks of how many images are being lost every moment and of so many others so badly conserved. . . ."

A-a-h, M. Michel-Droit, what a sadness, indeed! It is not customary here to criticize the critical emissions of others, that being a form of cannibalism to be deplored. But, Monsieur, you haven't used, you've missed the very cream of M. Sullivan, the essence of the man, the -uh- soul!

-:-

HOW COULD YOU REVIEW "Toast of the Town" without once mentioning M. Sullivan's matchless aplomb upon a stage Did you not note the proud carriage of the head and shoulders? You have passed over in silence not only the announcements of the automobiles but also the splendid assurance of M. Sullivan with his hands, tugging at his ear lobe and scuttling in and out of his pockets. No other hands in American show business have been so widely esteemed — or at any rate, have attracted so much attention.

And, enfin, you did not note the trademark of M. Sullivan which gladdens the hearts of 35,000,000 Americans every Sunday night — his glowing smile! A-a-h, Monsieur, how could you have missed the smile? To quote one of Mr. Sullivan's warmest admirees in this country, Mr. Joe E. Lewis: "How that man brightens a room —when he leaves it!"

Schoolboy Writing By Lincoln Shown

SPRINGFIELD, Ill. (AP)—A page from the sum book of Abraham Lincoln, with some schoolboy doggerel written by him, is on exhibit at he Illinois State Historical Library.

The doggerel reads:

"Abraham Lincoln is my name
"And with my pen I wrote the same
"I wrote in both hast (sic) and speed
"And left it here for fools to read."

The exhibit is part of the private collection of Justin G. Turner, Hollywood, Calif., who loaned it to the library.

Providence Man's New Car Has Spots

PROVIDENCE, R.I. (AP) — Spots before your eyes?

Merely Generoso Monacelli's new automobile.

Ever since he first saw a leopard in a zoo at the age of 15, the 20-year-old house painter has been fascinated with the leopard's beauty.

For a time he thought about owning one and then gave up the idea. But he acquired a complete leopard skin ensemble — shoes, shirts, trousers and jacket.

Yesterday he outdid himself. He became owner of an automobile painted to look like a leopard — down to blazing eyes and exposed fangs.

Barefoot Driver Jailed

PORTSMOUTH, Ohio (AP)—Driving a car with his bare feet has put 19-year-old James S. Osborn of nearby Rarden in county jail. Officers said he was perched atop the driver's seat manipulating the steering wheel with his feet. Unable to pay $50 and costs for reckless driving, he was placed in jail to serve out the fine.

New York Teacher Freed of Inducing Students To Steal

NEW YORK (AP)—Jerome Binder, high school English and speech teacher, has been cleared of charges that he tried to induce two pupils to steal a car for him.

Binder, 29, who teaches at the Manhattan School of Aviation Trades, had been arrested on reports he offered to "fix" the grades of two teen-agers if they would get a car for him.

Binder's attorney termed the charges "fantastic," and said the two students were not even in Binder's class.

Yesterday, Magistrate J. Irwin Shapiro dismissed the complaint against Binder, saying a grand jury had heard all the facts in the case and decided there was no ground for indictment.

Custodian, Boiler Tire Out Together

CHANDLER, Ariz. (AP) — Bert Metcalf was hired as custodian at Chandler High School in 1921 — the year the heating plant was installed.

Over the years the boiler slowly "tired out," as Metcalf says, "and I sure got weary of keeping her going."

Today Metcalf retires as superintendent of grounds and buildings for the Chandler schools. And the old boiler will be retired with him.

Magazine Staffs Revamped

Crowell-Collier Shakeup Sidelines Three Editors

NEW YORK (AP)—Paul C Smith, president of the Crowell-Collier Publishing Co, has relieved publishers of the company's three magazines.

In sweeping editorial and administrative changes put into effect yesterday, Smith took over the added duties of editor in chief of the periodicals, Collier's, The Woman's Home Companion and The American Magazine.

Possible Reassignment

Edward Anthony, publisher of Collier's since 1949, is to take a six-month vacation, after which he will report to Smith for "possible reassignment."

Smith said that in the interim, Anthony will continue to hold the title of vice president of Crowell-Collier, but "without present duties." Anthony is understood to have a contract running to Dec 31, 1965

John W. McPherrin publisher of The American was removed and is to have "the question of his further relationship with the company" resolved next week, Smith said.

Hunt For Title

William A H. Birnie ceases to be publisher of The Woman's Home Companion and "will assume new responsibilities as a vice president and assistant to the president for publishing and liaison under a title yet to be decided"

Several purposes were advanced for the changes. These included tightening of the company's organization and modernization of administrative procedures, and integration of all company resources for the improvement of editoral character and development.

Smith, former editor and general manager of The San Francisco Chronicle, came to Crowell-Collier in May of last year as vice president Last December he replaced Clarence E. Stouch as president of the firm. Stouch was named chairman of the board.

Rubber Strike Meeting Called

AKRON, Ohio (AP)—Leaders of the CIO United Rubber Workers here have summoned the 13,000 striking Goodyear Tire & Rubber Co. employes to a special briefing meeting Sunday.

Along with 10,000 other workers in 10 Goodyear plants across the country, they walked out Wednesday night after a breakdown in company-union negotiations held at Cincinnati.

Goodyear said the union rejected an offer of a 5-cent hourly wage increase The rubber workers never have made their wage demands public.

A union spokesman said Local President Carl Baker would address the Akron meeting but did not indicate what would be said

Picketing was peaceful on the first day of the company's first nationwide walkout Office workers were permitted to pass through the lines Only production workers were out.

Warning Given Owners Of Home Sewage Plants

Another warning to septic tank owners was issued today by Marion County Sanitarian Ralph Augenstein. He reminded county residents that septic tank cleaners must be registered with his office before being legally qualified to work in the county.

Augenstein re - issued his reminder after being told that one cleaner last week had wrongly told a rural resident that a state law requires an inspection of septic tanks every two years There is no such law, the sanitarian said.

Dispute Halts Work on Plant

13,000 Out at Kyger Creek Electric Project

GALLIPOLIS, Ohio (AP)—Construction was halted today on the huge Kyger Creek electric plant which is being built to furnish electric power for the Portsmouth Area atomic energy plant

The shutdown was ordered by Fred Carman, supervising engineer of the project He acted after a jurisdictional dispute between two AFL unions forced half the 1,350 construction workers into idleness.

The dispute—over the right to unload materials at the plant site—is between hoisting engineers and electricians

The matter has been before a Washington panel which handles jurisdictional disputes for several days Carman says he will not signal a resumption of construction until the dispute is settled

The new power plant is scheduled to produce its first power next Feb 1 and, despite the dispute, construction is ahead of schedule The plant, and a similar one in Indiana, is being built by a 15-firm combine to satisfy the huge demands for electricity from the new AEC gaseous diffusion plant now under construction in Pike County, Ohio

WOMAN FINED $15

Della Hoffman of 625 Lee St. was fined $15 and costs when she pleaded guilty in Municipal Court today to a charge of disorderly conduct filed against her by city police They said she was involved in an argument with a Silver St restaurant operator at 6 41 p m Thursday.

Ray Bliss To Preside

District Leaders of GOP Will Meet Here Monday

Republican party leaders in the 8th Congressional District will meet in Marion Monday for a campaign conference at which GOP State Chairman Ray C Bliss will preside The conference will be held in the Plantation Room of Hotel Harding.

—·—

TENNYSON GUYER of Findlay and Mrs Martha Wheatcraft of Galion members of the Republican State Central and Executive Committee from the 8th District, are sponsoring the meeting

It will be the third in a series of district Republican meetings at which Bliss has outlined campaign plans proposed by Republican State Headquarters "to elect all Republicans seeking office"

Previously Bliss met with the chairmen of the industrial districts in a joint session held in Columbus. He later followed this up with meetings of Republicans in the 15th and 6th Congressional Districts.

—·—

INVITED TO ATTEND the conference from Marion County are Louis B Conkle chairman of the Republican Central Committee, Ralph E. Carhart, chairman of the Republican Executive Committee, and Mrs Raymond E. Furnis, county Republican chairwoman

Other chairmen and chairwomen who have been invited to attend are the following·

Crawford County· Arthur E Socin, Bucyrus, chairman, Republican Central Committee; O. H Hilborn, Tiro, chairman, Republican Executive Committee

Hancock County Charles E· Oman, Findlay, chairman Republican Central Committee, Dr Bryon S. Voorhees, Findlay, Republican Executive Committee

Hardin County: Frank Carman, Ada, chairman, Republican Central Committee, D M Anstine, Kenton, chairman, Republican Executive Committee, Mrs Gertrude Kelly, Kenton, Republican county chairwoman.

Morrow County Paul W Swisher, Mount Gilead, chairman, Republican Central Committee, Gar Smith, Mount Gilead, chairman, Republican Executive Committee, Mrs. Alma Hartsook, Cardington, Republican county chairwoman

Seneca County, Bert M. Martin, Attica, chairman, Republican Central Committee, Willis Hakes, Fostoria, chairman, Republican Executive Committee, Mrs. David W Einsel, Tiffin, county Republican chairwoman

Wyandot County David Sears, Harpster, chairman, Republican Central and Executive Committees, Mrs. Annabel Kenan, Upper Sandusky, Republican county chairwoman.

HAYMES CLAIMS. In court in Los Angeles, Nora Eddington Flynn Haymes protests that singer Dick Haymes hasn't been keeping up payments on the Nevada divorce she let him have last fall to marry Rita Hayworth Haymes agreed to pay $100 a week alimony until Nora remarried She says he has made only one payment

Examiners Will Assist With Sales Tax Reports

Field examiners will be in the Marion County Courthouse July 28, 29 and 30 to assist vendors in the filing of their sales tax reports for the first six months of 1954

According to H. H Hering, manager of the ninth sales tax district office in Norwalk, these reports must be filed with the state treasurer by July 31 to avoid paying a penalty. Vendors are required to file a report even if no sales were made during the period beginning January 1 and ending June 30

In filing returns, vendors are asked to bring a copy of their last or previous semi-annual report and record of their stamp purchases for the first half of 1954 They should be prepared to give information on all questions as they appear on the return which has been mailed to them by the Department of Taxation.

Announcing a new BUDGET PAYMENT PLAN for gas heat users

—pay in ten equal installments . . . no matter what the weather

Everyone knows how living costs soar in the winter . . . extra food . . . extra clothes . . . school expenses . . . Christmas bills. And that's when heating costs hit you, too. Now—if you heat with gas—you can spread your heating bill over a ten-month period.

here's how the budget plan works

We estimate your annual gas costs, then divide this total evenly over the 10 months of the entire heating season —September through June. If you have been paying about $150 a year, your budget payment during each of these 10 months would be $15. For a $100 annual bill, it would be $10.

If your actual heating costs prove to be lower than our original estimate, you would pay less than the budget payment in June. In July and August you would receive your usual low summertime bills.

If your heating costs are greater than our estimate, you would make the budget payment in June and pay the balance in July and August.

Your meter will still be read regularly. Each bill will show the quantity and cost of the gas you use. In addition, your bill will show the status of your budget account.

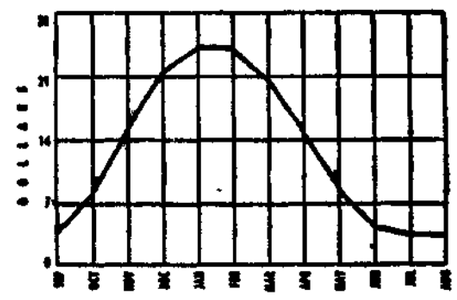
Over a year, the total you pay for gas will be the same, whether you pay your regular monthly bills or use the Budget Plan.

This Budget Plan helps you spread your heating costs over a longer time—your monthly payment stays the same even in the coldest months!

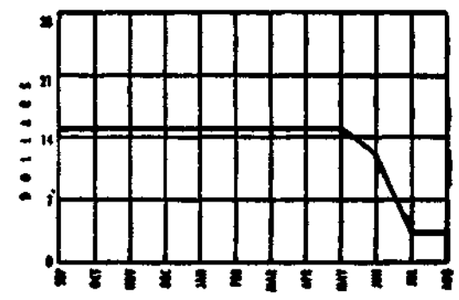
When will this plan go into effect? For those who apply, it will begin with gas bills due in September.

Send the coupon now. We will advise you what your budget payments will be.

when the amount of gas you use goes up like this



your monthly payments stay down like this



SIGN UP NOW!

BUDGET APPLICATION

YES! Please place my account on the Budget Payment Plan starting with my bill due on or after September 1, 1954. I understand that you will advise me what my budget payments will be and that I can discontinue the plan at any time, simply by notifying you.

OAKLAND HEIGHTS: Six room square-type with new gas furnace. Fireplace, and hardwood floors. Full basement. Newly decorated. Large garage. New reduced price.

"I WILL SACRIFCE!" the owner says. "CUT PRICE FROM $13,500 to $12,700. If this isn't a buy then there just aren't any! I'm planning to move out of town and am willing to take a loss!!!" He offers you a three bedroom bungalow with a wood burning fireplace, custom built kitchen, 1½-car garage. Beautiful lot on lovely Forest Lawn Blvd. He's not kidding. It's hard to beat this value, so see us or see YOUR realtor.

SUBURBAN: All the elegance for serene living—1 Scenic acre. The loveliest ranch home in town for the money. From the large front patio decorated with wrought iron, you step into the large cross-front living room which has beautiful wood-burning fireplace, picture window and large guest closet. Bedrooms take twin beds. Lovely powder blue bath. Dinette overlooks a colorful garden spot. Large kitchen is a housewife's dream' — all birch and very well arranged. Two car garage with cement floor. Lot is beautifully terraced and has profusion of flowers and evergreens. This home is newly painted; is insulated; has combination storm windows and screens — also doors of aluminum; owner has been transferred. We can truthfully say it compares with $20,000 homes. PRICED UNDER $17,000.

STEVE CANYON By Milton Caniff

THE LICENSE CLERK WAS A WAIST GUNNER IN B-26's IN THE C.B.I. HE'LL OPEN UP SHOP FOR US! LET'S GO, SUMMER!
WHOA, STEVE CANYON — AND I DO MEAN WHOA! MAYBE I DIDN'T NOTICE BEFORE HOW INGRACIOUS YOU ARE!
HAVE YOU NO CONSIDERATION FOR CLARKE'S FEELINGS? — BRINGING ALL THIS TO A CLIMAX PRACTICALLY IN THE PUBLIC SQUARE!
NETHERLAND LOOKS AS IF HE'LL WEATHER IT SOMEHOW... BESIDES, BEING ASKED TO GET MARRIED IS THE ULTIMATE COMPLIMENT A GIRL CAN RECEIVE. WHY NOT SAY IT IN THE MAIN LOBBY?
— BUT THE REAL REASON I MADE SUCH A PUBLIC PITCH IS TO BE ABSOLUTELY FAIR! IF NETHERLAND WANTS TO MARRY YOU INSTEAD OF JUST PLAYING BEACH BALL, HE NOW HAS THE FLOOR...
YOU MAY HAVE EQUAL TIME, MISTER... AND I WON'T EVEN RISE TO A POINT OF ORDER!

Army Drivers Get Personality Exams

WASHINGTON (UP) — Your personality has a lot to do with your ability to drive a car safely, the U. S. Army has decided.

If you're the happy-go-lucky type, good at bluffing or a devotee of gambling, chances are you couldn't qualify as a driver in the Army.

Ten years ago the Army selected its drivers primarily on the basis of driving skill measured in road tests. But recent research has changed the picture. A man's potential safety record is now determined by his personality traits.

Before a candidate for a driver's classification is put behind the wheel, the Army hands him a questionnaire to fill out. More than 65 per cent of the questions deal with personality. The Army believes this is the best way to eliminate the horn-honkers, impulsive and quick-tempered drivers and the ones who take too long chances. Records show the new method has cut down on accident risks.

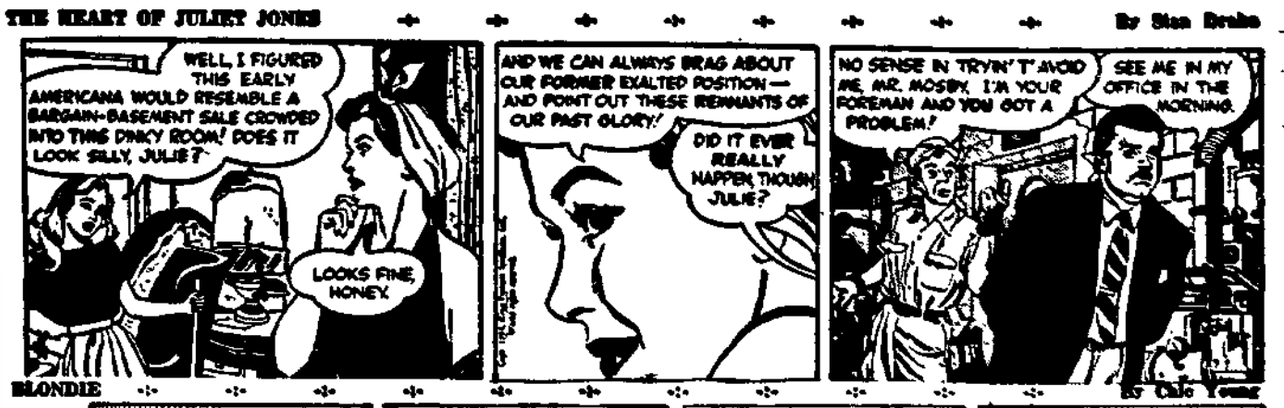
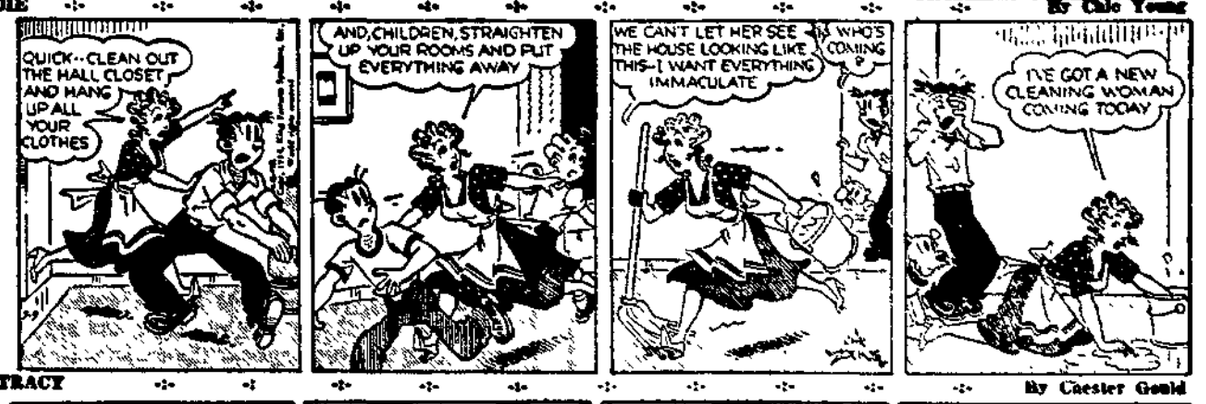
THE HEART OF JULIET JONES By Stan Drake



WELL, I FIGURED THIS EARLY AMERICANA WOULD RESEMBLE A BARGAIN-BASEMENT SALE CROWDED INTO THIS DINKY ROOM! DOES IT LOOK SILLY, JULIE?
LOOKS FINE, HONEY.
AND WE CAN ALWAYS BRAG ABOUT OUR FORMER EXALTED POSITION — AND POINT OUT THESE REMNANTS OF OUR PAST GLORY!
DID IT EVER REALLY HAPPEN, THOUGH, JULIE?
NO SENSE IN TRYIN' T' AVOID ME, MR. MOSBY. I'M YOUR FOREMAN AND YOU GOT A PROBLEM!
SEE ME IN MY OFFICE IN THE MORNING.

BLONDIE By Chic Young



QUICK—CLEAN OUT THE HALL CLOSET AND HANG UP ALL YOUR CLOTHES
AND, CHILDREN, STRAIGHTEN UP YOUR ROOMS AND PUT EVERYTHING AWAY
WE CAN'T LET HER SEE THE HOUSE LOOKING LIKE THIS—I WANT EVERYTHING IMMACULATE
WHO'S COMING
I'VE GOT A NEW CLEANING WOMAN COMING TODAY

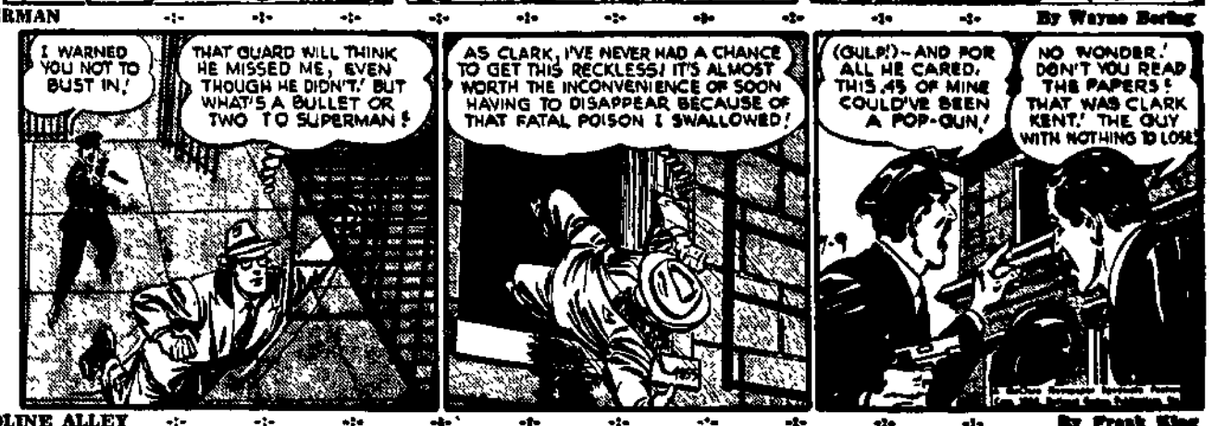
DICK TRACY By Chester Gould

WHAT DO YOU KEEP LOOKING AT ME FOR?
OH—JUST BECAUSE
OPEN-MIND MONTY, I WANT YOU TO WALK THROUGH THE GUN-DETECTOR.
ARE YOU CRAZY? I'VE BEEN SEARCHED TEN TIMES!
IF THERE'S ANY METAL ON HIM—WE'LL SEE—
THAT'S ALL I WANT TO KNOW.

RIP KIRBY By Alex Raymond

YOU'RE A LUCKY GIRL, PAGAN. FLORA ADMITS SHE BROKE INTO YOUR COTTAGE TO WAIT FOR YOU...
AND NOREEN STARK, POOR THING, CAME ALONG FIRST TO TELL ME OFF...
ALL OVER BYRON DELIGHT, WHOM I WASN'T GOING TO MARRY ANYWAY!
YES, A TRAGEDY OF ERRORS. FLORA WILL DRAW A LONG SENTENCE.
AND THAT NIGHT:
SORRY I HAVE TO HURRY BACK EAST. TAKE CARE NOW...
WHAT A MAN! FLIES OUT WHEN HE THINKS I'M DEAD AND RUNS AWAY WHEN HE FINDS I'M ALIVE!

SUPERMAN By Wayne Boring



I WARNED YOU NOT TO BUST IN!
THAT GUARD WILL THINK HE MISSED ME, EVEN THOUGH HE DIDN'T. BUT WHAT'S A BULLET OR TWO TO SUPERMAN?
AS CLARK, I'VE NEVER HAD A CHANCE TO GET THIS RECKLESS! IT'S ALMOST WORTH THE INCONVENIENCE OF SOON HAVING TO DISAPPEAR BECAUSE OF THAT FATAL POISON I SWALLOWED!
(GULP!)—AND FOR ALL HE CARED, THIS .45 OF MINE COULD'VE BEEN A POP-GUN!
NO WONDER! DON'T YOU READ THE PAPERS? THAT WAS CLARK KENT! THE GUY WITH NOTHING TO LOSE!

GASOLINE ALLEY By Frank King

I could have told you you'd have trouble with that contraption.
Why didn't you, Gollop?
You'd find out soon enough. You can't trust that bird Bimbo.
I get to use it every other time.
Ain't it's always out of kilter when you do. I know.
It's just happened that way.
Go ahead. But don't say I didn't warn you!

Bible Words for Today

PSALM 19:12—"Who can understand his errors? Cleanse Thou me from secret faults."

• • •

This verse specially appeals to me because it suggests a prayer we all need to offer. Self-ignorance is so common, genuine self-knowledge so rare. Here is a man bewildered by the mystery of his own being. He has somehow become aware that there are regions of his personality which he has never explored. There are forces at work within him which have never been brought under conscious control. He has "secret faults," by which we are to understand, not faults well-known to himself and carefully screened from others, but faults of which he himself is abysmally ignorant. This man has discovered that he does not properly or adequately know himself, yet the little that he does know is sufficient to fill him with misgiving and apprehension. This man is everyman. The question he raises we all do well to raise. The prayer he offers should be a universal prayer.

Church Briefs From the District

Special speakers have been scheduled at First Baptist Church in Richwood for the next two Sundays in the absence of the pastor, Rev. Taylor E. Roth.

A physician from the Philippine Islands, Dr. Toeiflo Marte, will fill the pulpit next Sunday. He is in this country for advanced study in x-ray at University Hospital at Columbus. A prominent Baptist layman in the islands, he is a past president of the Philippine Baptist Convention and spoke recently at an American Baptist Convention session at Minneapolis, Minn.

For the following Sunday, the preacher will be Prof. Harold H. Titus from the department of philosophy at Denison University at Granville. He is an ordained Baptist minister and is author of several textbooks including "Living Issues."

—:—

"Reverence for the Sacred" will be the sermon subject Sunday morning at First Methodist Church at Richwood, the pastor, Rev. Leonard W. Mann, announced.

—:—

At St. Paul Lutheran Church at Prospect Sunday morning the sermon theme will be "Redemption for Both Man and Nature." Rehearsal of music for special groups at services during the summer will be held each Wednesday night.

—:—

Midsummer observance of communion for churches of the Waldo Evangelical and Reformed charge will be held Sunday morning at the respective worship services. With the communion rite at St. Joseph's Church at Waldo at 9:30, communion thankoffering will be received. The service at St. John's Church in Richland Township will be at 10:45. "At the Lord's Table" will be the sermon theme of the pastor, Rev. W. F. Kissel, at both churches.

—:—

For morning worship Sunday at the Morral Methodist Church the sermon subject will be "The Forgiveness of God," the pastor, Rev. Herman O. Secoy, announced.

Cat Helps Police Locate Burglary

NORWALK, Ohio (AP) — A cat helped bring police to the scene of a burglary in a farm dwelling near here.

The party-line phone at the home of George McMillen apparently was knocked off the hook by the thief. It dangled near the floor and the cat mewed.

Clarence Lyons, who lives across the street and is on the same line, heard the mewing yesterday over his phone. He went to the McMillen home, discovered the robbery—a minor one—and called police.

Knowland, Dulles Differ

Senate Views Highlight Foreign Policy Confusion

By JAMES MARLOW

WASHINGTON (AP)—The Red Chinese will cause confusion when they try to get into the United Nations. They'll cause more if they get in. And the very thought they might get in has caused confusion here already.

It was this thought which for a while had Sen. Knowland of California, Republican Senate leader, acting like the junior, or senior, secretary of state. He appears to have calmed down now.

He was so incensed July 1 over the idea Red China might get a U. N. seat he served notice, if it happened, he would resign his Senate leadership and head a move to take the United States out of the world organization.

This, said Sen. Johnson of Texas the next day, was a "profound" statement. Johnson is leader of the Senate Democrats. But some other Democrats questioned Knowland's profundity in the matter.

There seems to be unanimity the United States should fight against seating Red China in the U. N. but not pulling this country out if the Communists get in.

Profound Consequences

But there could be no doubt the consequences might be profound if Knowland carried through, once Red China got into the U. N. and succeeded in leading the United States out the other door.

American withdrawal might wreck the U. N., which this country laboriously had helped create as a place where hostile nations could debate their difficulties instead of fighting over them.

Withdrawal could result in surrendering America's world leadership, alienating its friends, destroying its alliances, driving it into isolation and, if the U. N. survived, leaving the Communists free to use it against the United States.

As an alternative to that, the United States, once out of the U. N., might set up a bloc of non-Communist states that would work together tighter and better than they have in the past.

At the least, the consequences of a walkout would be so far-reaching as to require a major change in American foreign policy. Any walkout itself would be a major change.

Calls for Deliberation

So such a step, before taken, would call for, in President Eisenhower's words, the "most solemn reflection" by the two men most directly responsible for foreign policy, himself and Secretary of State Dulles, and the best brains they could find.

There is no evidence Knowland showed them his speech before he made it, or consulted with them, or inquired whether it might injure or interfere with the foreign policy they've shaped already.

Lest there be any doubt of his earnestness in wanting that policy made to his liking, if he had to make it himself, Knowland added another touch:

He said he was considering whether the Senate should go on record as saying Congress would cut out all American financial support of the U. N. if it seated Red China.

If congress ever went that far—cutting off American funds to the U. N. — Eisenhower and Dulles wouldn't have any choice. Congress would be making the foreign policy.

By these tactics Knowland put himself squarely in front of Dulles as the shaper of American foreign policy, telling him not only what should be done but must be done.

Pledge Unending Fight

This week Eisenhower and Dulles both pledged an unending fight to keep Red China out of the U. N. Eisenhower wouldn't go along with Knowland in threatening U. S. withdrawal if Red China got in. He'd decide on that when the time came, he said, and according to what seemed best for the country.

Dulles was more optimistic than either of them. He said he was confident Red China wouldn't get in and that he wouldn't operate on the assumption it would. This cooled off Knowland.

Instead of urging the Senate to say it would cut off American funds if the U. N. admitted China, late yesterday he said he'd settle for the Senate's saying Congress didn't want Red China in.

If Dulles can be so calmly sure Red China doesn't have a chance, and if this can chill Knowland so fast, what bit the Californian in the first place? He said he had been trying to strengthen Dulles' hand.

That may have been part of it. He may have wanted to be sure the U. N. Kept Red China out by giving it a warning. He also may have been impatient with Eisenhower and Dulles, wanting to force them into a more public and positive stand on Red China. If that was his purpose, he succeeded.

SECREST WITHDRAWS

ZANESVILLE, Ohio (AP)— Rep. Robert T. Secrest, Senecaville Democrat, yesterday withdrew as a candidate for reelection from Ohio's 15th district, officials of the Muskingum County Board of Elections announced. The 50-year-old congressman recently was appointed by President Eisenhower to the Federal Trade Commission.

LIQUOR AGENT FIRED

COLUMBUS, Ohio (AP)—Liquor department inspector Harry Thomas, indicted June 18 at Cincinnati on a bribery charge, has been fired from the department. The announcement was made yesterday by Liquor Director Anthony A. Rutkowski.

Now Is the Time for Serving Cherries

Fruit Bowl Will Go Well After Grilled Supper In Your Backyard

By CECILY BROWNSTONE
Associated Press Food Editor

Serve a sweet cherry bowl now in the backyard, after a supper of grilled frankfurters or hamburgers on rolls, so you can take it easy at mealtime for a change! Then when you feel energetic, keep your eye on future menus, take advantage of the sweet cherry crop fresh on the market and preserve some of the fruit to brighten less sunny days. Because cherries are low in pectin and acid, our recipe for Sweet Cherry Jam calls for handy bottled pectin.

SWEET CHERRY BOWL

Ingredients: 2 pounds sweet cherries, 4 apricots, 1 avocado, salad greens, French dressing.

Method: Wash cherries, drain and heap in center of a large bowl lined with salad greens. Around the outside of the cherry mound alternate slices of apricot and avocado. Serve with French dressing. Makes 6 servings.

SWEET CHERRY JAM

Ingredients: 3 pounds (about) sweet cherries, ¼ cup lemon juice, 7 cups sugar, 1 bottle liquid fruit pectin.

Method: Stem and pit cherries, chop fine and measure 3¾ cups cherries into a very large saucepan. Add lemon juice and sugar to fruit; mix well. Place over high heat, bring to a full rolling boil, and boil hard 1 minute, stirring constantly. Remove from heat and at once stir in pectin. Skim off foam with metal spoon. Then stir and skim by turns for 5 minutes to cool slightly, to prevent floating fruit. Ladle quickly into sterilized jelly glasses. Cover jam with ⅛-inch thick hof paraffin. Makes about 11 medium glasses.

FRUIT JAM. You can have 11 medium glasses of preserves from three pounds of fruit.

EASY SUPPER of Grilled Frankfurters, Fruit Salad.

Fugitive Offered $1,500 To Return to Prison

MCALESTER, Okla. (AP)—Warden Jerome J. Waters Jr. is offering $1,500 to a fugitive from the State Penitentiary, but there's a catch to it.

Waters said Paul Evinger, 55, who was serving life for murder before his escape from an Oklahoma City hospital Wednesday, could have the money he saved working in prison if he showed up at the front gate.

"Of course, if he comes in," the warden added, "we will see that he doesn't get out again."

Aggravation Fails To Disturb Texan

TEXAS CITY, Tex. (AP) — Sam Lewing, 38, was testifying in the preliminary hearing of Henry Boles, 40, on charges of aggravated assault. He said Boles threatened to kill him, and "ran around" with Mrs. Lewing.

A defense attorney asked the witness if he was angry with Boles.

Not exactly, replied Lewing.

"What?" the attorney pressed. "You say this man steals your wife, threatens to kill you and hits you over the head with a chain, and you're not mad at him?"

"Wal," replied the lanky Lewing, "I ain't exactly no big friend of his."

LUCKY CATCH

FLANDREAU, S. D. (UP) — Mrs. Marshall Jewett, fishing along the Big Sioux River near here made the luckiest "catch" of her life — her three-year-old son, Randy, who fell into the river and was swept downstream. He drifted toward his mother's "throw-line," and Mrs. Jewett hooked him by his clothes with the line and pulled him to safety.

GI Embezzler Gets Five-Year Sentence

DES MOINES (AP)—Lowell Arthur Logan, 24, Springfield, Ohio, convicted of embezzling $30,000 in overseas military currency while an Air Force lieutenant in Japan, yesterday was sentenced to five years in prison.

Logan, a former State University of Iowa law student, was accused of falsifying records on the amount of "worn-out" currency he was entrusted to destroy. He was honorably discharged last year.

Federal Judge William F. Riley was told $22,000 of the amount has been recovered.

Work Stoppages

The same kind of free negotiations that led to a settlement in the steel industry cannot be depended on to avert work stoppages everywhere, as witness tie-ups of CIO rubber workers and atomic workers.

But along with its remarkable record of legislative accomplishment, the Eisenhower administration has every right to be proud of the new atmosphere it has created in labor hands off has relations. Its policy of keeping hand off has brought genuine collective bargaining to industry.

Neither side can look to Washington for special favors. Consequently, both sides have a powerful incentive to get down to brass tacks in their negotiations and come to the best terms they can reach by their joint efforts.

There has been not only a steady decline in the number of work stoppages but a more significant decline in the number of workers involved and the total of time lost by workers.

Beginning in 1946 and running through 1952, the average annual total of man-days lost through strikes was more than 50 million. In 1953 it dropped to a little more than 28 million and this year is accumulating at a rate so slow there will be only a small fraction of the surprisingly low total in 1953.

In the first year after the end of World War II, there were 116 million man-days lost through work stoppages.

Technological Teamwork

The problem posed in the long hearings and thoughtful findings on Dr. J. Robert Oppenheimer as a security risk in the government's atomic energy program was not solved. The decision to bar him from access to further information merely recognized that a problem existed.

The problem is how to assure the United States government and cooperating business concerns that they will be able to get the scientists they need on mutually acceptable terms.

In the early 1940's, Dr. Oppenheimer was considered indispensable during the early stages of atomic research. The Manhattan Project overlooked his connections with questionable persons and causes because it needed his talents.

In 1954, he is dispensable. He can be safely barred from access to information now because there are other men capable of doing the same work. But the Oppenheimer case has raised some strong questions in the scientific community.

Many scientists are disturbed by what they construe as evidence that if they do government work they will be forced to live under codes prescribed by political and military authorities. They are afraid of what may happen to intellectual freedom if it is left in charge of military and political minds.

Yet the scientific mind, the political mind and the military mind must work together, or the United States will be at a disadvantage in the struggle to maintain its technological leadership.

Hanson W. Baldwin has summed it up like this in The New York Times: "The great task for tomorrow is to close the chasm created in the scientific community by the Oppenheimer case and to couple scientist and militarist to a common goal—the security and preservation of the nation."

For Future Pondering

The end of food rationing in Britain on July 3, after 14 years and 4 months has given our English-speaking allies a kind of Independence Day of their own this long holiday weekend.

But there is something about British food rationing, which first went into effect in January 1940 and was clamped on tight by the following summer when Germany tried its unsuccessful blitz that continues to be puzzling.

British medical authorities contend that British health improved visibly and impressively under austerity conditions that impressed visiting Americans as something less than minimum subsistence.

This was a great help to governing officials, who were always being forced to rationalize orders whereby the British food supply was stretched out further than anyone had believed would be possible. At its wartime low point in the spring of 1941, the meat ration was down to the equivalent of 20 cents' worth a week in a country where buying power is only a fraction of American buying power.

After the war was over, the meat ration went still lower — to 14 cents' worth of red meat, plus less than four cents' worth of corned beef. At one time or another during the war years and afterward, everything edible was on the ration list. Americans would have starved on such a meager diet. They took pity on their British friends by sending them packages of food. When they visited in Britain, they took along extra supplies to eke out the subsistence diet of their hosts. Yet, medical authorities say the effects on the British were good, not bad.

It is something to ponder the next time someone starts to talk about Americans who are underfed.

Red China and U.N.

By David Lawrence

Eisenhower Takes Case to World Court of Opinion

President Eisenhower has undertaken to mobilize the moral force of the world to make sure that the aggressor government of Red China will not be admitted to the United Nations.

No longer is the issue one of domestic controversy since both the Republican and Democratic leaders in Congress have expressed themselves against the proposal. The President now has wisely taken the case to the court of world opinion.

Eisenhower does not say what America's position will be if outvoted in the United Nations Assembly, but he does say that he hasn't reached a decision on it because he feels confident that the battle against admission of Red China can be won.

The President is right in exercising that caution and leaving the matter open. In this regard he differs from those who either want to serve warning now that the U.S. will withdraw or those who wish the United States to stay in the U.N. if outvoted.

If the United States were merely to give the impression that it would oppose Red China's entry and yet would accept the result without affecting its own relationship to the United Nations in the future some governments abroad might think this is a tipoff to them to go ahead and vote for the admission of Red China anyhow because they would not thereby risk incurring America's disfavor.

-:-

THE TRUTH is that Knowland and Lyndon Johnson, the Republican and Democratic senators, speak for American public opinion when they not only oppose Red China's admission, but when they say Congress will then discuss, if the Peiping government is admitted, whether or not to continue financial support for the United Nations by this country and continuance of the U.N. treaty.

President Eisenhower has, with characteristic fairness and calmness taken the issue out of the realm of coercion as it affects other governments by simply saying he doesn't know yet what American policy toward the U.N. would be if Red China gets in.

He prefers to argue at present the merits of the admission issue itself. His words are of historic importance. He says:

"There is a moral question first of all that is involved. The United Nations was not established primarily as a supergovernment clothed with all the authority of supergovernment and of great power to do things. It was, among other things, an attempt to marshal the moral strength of the world to preserve peace, to make certain that quarrels were composed through a decent respect for justice and fairness and right, and to see whether we couldn't avoid resort to force.

"Now today we have Red China going to Geneva, and instead of taking a conciliatory attitude toward anything, it excoriated the United Nations. As a matter of fact, in Geneva, it demanded repudiation of the United Nations position. On top of that Red China is today at war with the United Nations. They were declared an aggressor by the United Nations in the Assembly and that situation has never been changed.

-:-

"THEY ARE occupying North Korea. They have supported this great effort at further enslavement of the peoples of Indochina. They have held certain of our prisoners unjustifiably, and they have been guilty of the worst possible diplomatic deportment in the international affairs of the world.

"Now how can the United States, as a self-respecting nation, doing its best and in conformity with the moral standards as we understand them, how can we possibly say this government should be admitted to the United Nations?"

Thus Eisenhower answers the critics abroad who have brushed aside all moral considerations. The London Times, for instance, has said that it is a question of law and "not of morals."

The issue, moreover, isn't one of diplomatic recognition. Many governments which are members of the United Nations have already extended diplomatic recognition to the Red Chinese Communist government, but now oppose its admission to the United Nations on the ground that the Peiping regime is an aggressor and has not purged itself of aggression.

-:-

THE PRESIDENT'S forthright statement will ring around the world and will place the issue on the high moral plane where Americans have placed it before, only to have Europeans, influenced by expediency, try to rationalize an acceptance of the Communist regime in Peiping despite the record of dead and wounded for which the aggressor government of Red China is largely responsible.

Certainly, the fathers and mothers of the 40,000 American dead and 100,000 American wounded would never understand acceptance of the aggressor government as worthy of admission to an international organization designed to be the principal vehicle for the exercise of moral force in the world.

Without Notice

By TRUMAN TWILL

Subject to revision without notice are the following adages and beliefs:

That the truth will come out if a group of representative Americans can be persuaded to get around a table and discuss things face to face. It didn't happen that way in Washington recently.

The world will beat a path to the door of the man who makes a better mousetrap. The man must beat a path to the door of the people who know how to put better mousetraps on the market.

A soft answer turneth away wrath. What a soft answer turneth away is the sympathy of the people in the back row who expected excitement and were cheated because they couldn't hear anything.

There is no fool like an old fool. For every old fool now trying to set a world record, there are a dozen young ones who can do it without breathing hard.

Fair play and sportsmanship will win through in the end. This one went out of style when it became common practice in baseball to heckle from the dugout by slurs and innuendoes and to let fly with a high, hard one occasionally at the batter's head—to keep him "loosened up."

If other people knew us Americans better they would love us. We have given other people ample opportunity to know us better and to love us. But familiarity breeds contempt.

Absence makes the heart grow fonder. Here again, it must be remembered that things which are out of sight are out of mind and absence is the common cure of love.

The early bird gets the worm. What the early bird gets is the sun in his eyes and rheumatism from traipsing about in clammy moisture. Your smart bird waits until someone fills the bird feeder about 10 a.m.

A straight line is the shortest distance between two points. Geometricians foisted this one on an unthinking world. The truth is, the shortest distance between two points is the longest way around, proximity is the mother of invention, two heads are better than a routine story about the weather, once bitten is twice innoculated, a new broom gathers no moss, old friends sweep clean, one man's wife may be another man's poison;

Everybody despises fat men, necessity breeds despair, nothing is so rare as a rare day in June, discretion is more than half the battle, most things put off till tomorrow will never happen, fish and house guests do not smell after three days unless taken out of the freezer, every dog has his favorite chair;

Proof of the pudding is whether or not the dry cleaner can remove the spot, anyone who loves his enemy can look forward to a congressional hearing, a closed mouth is a sign of surrender and blood is no thicker than blackstrap molasses.

These too are subject to revision without notice. You cannot be sure of anything any more.

Marion County History Brevities

By EDNA B. DUTTON

A Marion resident, John J. Crawley, is credited with the inception and continuance of the Marion Public Library in its early years. As private secretary to Edward Huber, Marion industrialist, he first suggested the plan of a public library to Mr. Huber who encouraged him by friendly suggestions, time and money. At the time he went about the streets with a wheelbarrow and gathered up the books from contributing citizens.

FDA Cracks Down on Coffee Chiselers

By A. A. Hoehling

Uncle Sam has spouted a brand-new "fighting" agency — this one caught in a price ambush and now deeply engaged in the bitter battle of the coffee bean.

Chiselers from many parts of the world are seeking to score a cheap financial victory on the skyrocketing American coffee market, officials of the Food and Drug Administration explained.

More than a million pounds of unfit Ethiopian coffee were confiscated by federal inspectors at the port of New Orleans alone last year, the FDA spokesmen said. Strictest vigilance is necessary, one commented, because once they're roasted, moldy coffee beans are indistinguishable from top grade.

-:-

POOR QUALITY and even contaminated beans from many countries are not the only problems being pushed toward American coffee drinkers, it was explained. Even pure "phonies" are being offered for sale.

Cited was the shipment received from South America recently by the U. S. Naval Supply Depot in Brooklyn, N.Y. into the roaster a test batch went. Instead of roasting, the "beans" exploded.

It turned out to be a shipment of corn, dyed coffee color.

Actually, coffee is but one of many fronts on which this "fighting" agency of the U. S. Department of Health, Education, and Welfare is engaged.

In spite of a staff shortage—no more than 200 inspectors in the field — 1,422,883 pounds of unfit foods were seized in a single recent month, resulting in 81 federal court actions.

Included were a 600,000-pound lot of brewer's rice stored under unsanitary conditions, 144,000 pounds of potatoes that contained parasitic worms, and six cases involving beverages and cheese contaminated with poisonous substances.

In the same month there were 16 seizures of a vitamin and mineral preparation which had been represented as effective for treatment of a long list of diseases and other serious symptoms which would normally require medical attention.

-:-

ALSO REMOVED from the market were silver lockets selling for up to $750 and engraved with claims that they generated cosmic rays which would increase vitality.

An all-time prize in this "crackpot" trade, however, was the hevay copper health chain with one clasp for a person's ankle, another clasp for a radiator. The philosophy behind this gadget, according to the label :

"Living on wooden floors and wearing shoes insulates us from the earth so the electricity that is supposed to flow out remains in the body irritating it and making us sick. . ."

The chain, of course, was intended to ground the current. Thanks to the FDA inspectors the only thing grounded was its "inventor."

While such devices are frequently harmless, what keeps the inspectors awake nights is an awareness of the real killers that — intentionally or unintentionally — may be lurking in refrigerators or medicine chests.

-

A RELATIVELY small lot of poisonous sulfanilamide preparation, untested in any laboratory, killed more than 100 persons in 1937. It did have one good effect—tighter food and drug laws.

FDA is responsible for products on which the public spends approximately 50 billion dollars annually. Inspection covers about 96,000 processing and manufacturing plants and warehouses, not to mention thousands of retail establishments.

Enforcement is necessarily very selective. Last year a total of 8,467 plants were inspected. At the rate plants can be checked once in about 12 years.

It's fortunate that FDA inspectors are "fighting" men.

Governors in Line for 1956

If you are voting for governor this year, you may be naming a presidential candidate of the future.

A survey by congressional Quarterly of the makeup of presidential tickets since 1912 indicates a governor has a much better chance to head one of the two major party presidential tickets than a senator. No sitting senator has been nominated for the presidency since Warren G. Harding was given the GOP presidential nomination in 1920.

The governorship of a key two-party state, notably New York, is the best possible springboard to the presidency. The major parties usually turn to the Senate for their vice presidential nominees.

In 11 presidential contests since 1912, governors or former governors 14 times won major party nomination for the presidency. Others nominated included a senator, a former senator, and a representative. Five nominees, all Republicans, came from neither the ranks of governors or congressmen.

Since 1912 seven Democrats and nine Republicans have won nomination for president. Four were nominated more than once—Woodrow Wilson (D) in 1912 and 1916; Herbert Hoover (R), 1928, 1932; Franklin D. Roosevelt (D), 1932, 1936, 1940, 1944; and Thomas E. Dewey (R), 1944, 1948.

Since 1912 the Democrats nine times have nominated governors or ex-governors for the presidency, while Republicans have chosen governors five times.

During the same period, the Republicans once chose a senator as their presidential nominee and the Democrats chose a former senator once and a representative once.

Since 1912 the Democrats have looked only to governors and Congress for their presidential nominees. The Republicans five times have reached out elsewhwere for their presidential standard-bearers.

In the past 11 elections men with congressional backgrounds have been the major parties' vice presidential nominees 12 times. Men with gubernatorial backgrounds have been selected 7 times.

Since 1912 the Democrats have won seven presidential elections, the Republicans four. The Democrats won four times with Franklin D. Roosevelt, former governor of New York, and twice with Woodrow Wilson, former governor of New Jersey. The other Democratic win was chalked up by Harry S. Truman, who served in the Senate prior to his elevation to the vice presidency in January, 1945, and to the presidency four months later.

Warren G. Harding, senator from Ohio, is the only man who has been elected to the presidency directly from the Senate since 1912. He was elected by the Republicans in 1920, died in 1923, and was succeeded by his vice president, Calvin Coolidge, a former governor of Massachusetts. Coolidge subsequently was elected to the presidency in 1924. The other two Republicans elected to the presidency were not career politicians. Herbert Hoover, elected in 1928, was an engineer: Dwight D. Eisenhower, elected in 1952, an Army officer.

The best possible avenue to the presidency is to be governor of New York. Only once since 1928 has a New York governor or former governor failed to be the presidential nominee of one of the two major parties. Franklin D. Roosevelt was nominated and elected four times on the Democratic ticket. Three New York governors failed to win the presidency after receiving their party's presidential nomination: Charles E. Hughes (R), 1916; Alfred E. Smith (D), 1928, and Thomas E. Dewey (R), 1944 and 1948.

Since 1912 the major party presidential nomination has gone to Ohio three times, New Jersey, Kansas and California twice each, and to Massachusetts, Indiana, Missouri, Illinois and West Virginia once each. Since 1912 men from all parts of the nation except the South have held the presidency, but President Eisenhower, who claims Kansas as his home, was born in Texas, and Woodrow Wilson was born in Virginia.

Belated Storm Victim

STUTTGART, Ark. (AP) — The tornada that cut through Arkansas in 1952 and took 116 lives claimed another victim two years later. James Leon Woodyard, 9, who suffered a head injury in the storm, fell into an irrigation ditch and drowned. His father said the boy had frequent, sudden fainting spells since the tornado, and officers said evidence indicated that the boy fainted and fell into the water.

Daily Bible Thought

Many merchants look on Christ's birthday as a wonderful chance to make money. He came to make us all rich beyond the wildest dreams of avarice. "God so loved the world that he sent his only begotten son, that whoso believeth in Him should not perish, but have everlasting life." — John 3:16.

The Once Over

By H. I. Phillips

Television Failure

We have been thinking back on the telecast of the recent solar eclipse by many TV stations and, in order that we may all be ready for an improved performance next time (ten to 300 years from now, all depending on when you live) some suggestions for better TV coverage may be in order.

The video people failed to provide the proper mood for eclipse programming. For one thing there should have been an opening musical number, "Me and My Shadow," and a ballet, of course, in which the whole story of a solar eclipse could be presented to the video audience through leaps and bounds. Perhaps there should have been a song by "The Four Suns."

Other musical numbers next time should include obviously "Halo, Everybody, Halo," "On The Sunny Side of the Street," and perhaps, as a matter of reassuring the public as the moon creeps over the sun, "Ain't Misbehavin'." At the peak when the sun completely disappears there must be "Who Stole the Ding Dong," we think.

-:-

Let's have a master of ceremonies (some moon-faced fellow with a sunny smile) doing justice to the show . . . "And now, folks, for a really unusual and sensational duo. This is unique and extraordinary. It has been seen infrequently and whenever and wherever this stupendous novelty has appeared it has attracted the widest attention. Ladies and gentlemen, I give you that sterling team, the Sun and Moon!"

Or perhaps the eclipse could be done via a TV panel, with the eclipse being shown only to the audience, while the panel cuties ask, "Is it something we see every day" . . . . "Is it nice to have around the house" . . . . "Is it vegetable, animal or mineral" . . . . "Is it used by everybody", etc.

-:-

It also occurs to us that next time there could be a Jack Webb motif to a solar eclipse:

"Something pretty unusual is going on here"

"Yeh. Sort of creepy. I noticed it, too. What's the setup?"

"We've got the clue to start with . . . it's getting DARK."

"Now we're gettin' somewhere, chief."

"Know who I suspect"

"No"

"THE SHADOW!"

"You got sumpin' there."

"Just the facts, that's all we want. Come along."

"Got your rod"

"No. All we need is a TELESCOPE."

-:-

-:-

The more we think of the next eclipse, the more possibilities we see. Ultimately there will, of course, be sponsors. We can hear the Zsa Zsa Gabors chirping, "I've been a solar eclipse fan all my life. A friend told me about them and I have found them so soothing and refreshing. There is really nothing that adds to the complete enjoyment of life like an eclipse. Try one, won't you?"

Dr. Smyth's one dissenting vote in the 4 to 1 verdict in the Oppenheimer case in which he held that, despite the committee findings of "falsehoods, evasions and misrepresentations and of evidence of "association with Communists long beyond tolerable limits of prudence and self restraint" continues to baffle many folks. If the plumber who came to fix the gas leak had any record like the above would you keep him in the job as "an able, imaginative human being with normal human weaknesses" even if he came to work wearing red, white and blue and singing the "Star Spangled Banner," doctor? We're just asking.

-:-

Few success stories in the amusement world are more in the fairy tale pattern than that of Lynn Riggs. He was an Indian Territory boy who came to New York on a cattle car, didn't like the city much, and returned. Later he got back to Broadway through several plays, including a routine boy and girl story called "Green Grow the Lilacs," which despite Theater Guild production, ran only 64 performances. Few things are deader than a flop play, yet this one was to be done into the stupendous success "Oklahoma" 15 years later. . . . It opened as "Away We Go," and proved a gold mine.

The RFC is out of business after 30 years. Did it take money to keep itself going?

The Social -:- Notebook

ANNOUNCEMENT is being made of the engagement and approaching marriage of Miss Rosemary Sidenstricker, daughter of Mrs. Grace Sidenstricker of 800 N. State St. and the late James Sidenstricker, and Herbert L. Albright. He is the son of Mrs. Louis Speidel of Edison.

The bride-elect, a gradaute of Harding High School this year, is an employe of the General Telephone Co. Her fiance, graduated from Edison High School, attended Ohio State University and is employed at the Marion Engineer Depot. They have chosen Aug. 22 for their wedding at Trinity Baptist Church, with the custom of open church observed for the ceremony at 2:30 p.m.

Rosemary Sidenstricker

Miss Sidenstricker's engagement and approaching marriage is being announced. Details in the Social Notebook.

—:—

Mr. and Mrs. O. G. Elbling of 150 Charles St. and their son-in-law and daughter, Mr. and Mr. W. W. Slatzer and daughters Patricia Ann and Beverly Ann of Columbus, have returned from a two-week motor trip through the South. They visited Miami and Key West, and toured Florida and visited the Smoky Mountains and other places of interest enroute home.

—:—

When the Decima Sewing Club met Wednesday evening, Mrs. Hazel Thomasson entertained in her home on Olney Ave. Plans were completed for the annual picnic Sunday at Aumiller Park in Bucyrus. In contests, honors went to Mrs. Susie Sharrock. The hostess was assisted in serving by Mrs. Ruby Bogart. The next regular meeting will be July 21 at the home of Mrs. Lena Wade on Park Blvd.

—:—

Mrs. Robert K. Stoltz and daughters, Gretchen and Robin, left Marion by plane recently for their home in San Francisco, Calif., after a two weeks' visit with Mrs. Stoltz's parents, Mr. and Mrs. H. L. Lewis of New Winchester. They also visited relatives and friends in Marion.

Department of Literature Organized by Clubwomen

Plans for a study of various phases of literature got under way with the organization of the literature department of the Marion County Federation of Women's Clubs Wednesday evening in the Women's Club home.

Organization of this group brings to five, the number of departments organized to date in the departmentalization program launched by the Federation in the closing months of the 1953-54 season.

Mrs. C. O. Stetson is chairman of the literature department and was in charge of the Wednesday evening meeting. In presenting a tentative program, Mrs. Stetson gave as the main objective of the department a study of classical and cultural prose, poetry, plays, biographies and other phases of literature and reminded the group that "in books we have the richest treasures of the world."

Without discounting the current publications she called attention to the many good books not found among the best sellers and whose contents bring comfort and pleasure to the reader. A book, she said, is a garden, a friend, a picture, a counselor.

Mrs. Forest Flockencier was elected co-chairman, Mrs. Gladys Arter, secretary and Mrs. J. D. Williamson, treasurer. The group set Aug. 10 for a summer festival at the club home. The time is 8 o'clock. At that time further plans will be made for the year's work, those attending will present an informal program and there will be a social hour.

Mrs. Ralph E. Epley, dean of departments, met with the group. She explained that the literature department and also the other departments are open to women not affiliated with a federated club, as well as members of clubs in the federation. Non-club members may become associate members and join one or more departmental groups.

To date the departments include mental health, art, music, American Home and literature.

Mrs. Lampton was named reporter for the group, and named flag-bearers were Mrs. Carder and Mrs. Emma Humes.

Mrs. Young, a representative of the United Service Club which was recently disbanded, announced that the club had sent the remaining money in the treasury to the Chillicothe Veterans Hospital for the stadium fund.

The Paramount Club will meet July 14 at the home of Mrs. Rayner on Latourette St. Assistant hostess will be Mrs. Eddy.

—:—

Mrs. Sally Gilmore was enrolled as a new member at a meeting of Carnation Past Councilors of Marion A. Canfield Council 210, Daughters of America, Tuesday evening in the home of Mrs. Cordelia Starner at Brush Ridge. Mrs. Elva Bryant was an associate hostess.

Mrs. Edna Riddle was awarded a special prize and prizes in cards were won by Mrs. Beryl Faust, Mrs. Riddle and Mrs. Leona Barnhard. Mrs. Hazel Thomasson received the floating award and Mrs. Ruby Bogart was consoled.

A meeting Aug. 25 will be a picnic at Harrison-Smith Park in Upper Sandusky.

—:—

Members of Zenith Temple 144, Order of Pythian Sisters of LaRue, discussed plans to assist with the kindergarten jubilee in August when they met at the K of P hall Tuesday night.

The auditing committee report was given during the session for which Mrs. Joan Miller presided. The group made plans for a rummage sale to be held July 16 and 17 in the rooms of the Smith Printing Co. in Kenton. Committees were appointed for the bake sale to be held July 24.

After the meeting, refreshments were served in the dining room.

CALEDONIA DRIVE PLANNED

Caledonia's 4-H Club will have its first scrap drive this Saturday. Club members will meet at the school at 8 a.m. and will scour the entire school district for old iron of all kinds. The iron will be taken to junk yards and money received will be used for 4-H club activites during the coming school term. Raymond Hipsher is the new adult adviser of the club and Eugene Kellogg is the new vo-ag teacher. Larry Brooks heads the club as president.

Recreation Area Is Pride of Richwood

MANY AREA RESIDENTS, as well as Richwood people, hold season tickets for the beach at Richwood Park, which is operated by the village.

UPPER: Enjoying the beach are these five Marionites: (left to right) Larry Ralston and his mother, Mrs. John Ralston of 1024 Congress St., Mrs. Jim Farley of 597 E. Church St., and Mrs. Dial Wilson and son Jimmy of 950 Woodrow Ave.

LOWER: Johnny Millington of Richwood, typical park patron of the younger set, looks on while Lifeguard Fritz Drodofsky inspects the boat he and Don McDaniel, swimming instructor, have available for use in case they need it for rescue work. Drop-off points are clearly marked at the lake, and a wading section for youngsters is available.

Swimming in Spring-Fed Lake, Picnics Among Pleasures Offered

How a small community of some 2,000 residnets can successfully support a swimming and recreation spot, like Richwood Beach, is a question frequently asked of Richwood citizens.

"Community interest and support," they will answer, pointing with pride to statistics showing that on a recent Sunday over 400 paid admissions were recorded.

—:—

IN ITS SECOND year under sponsorship of the village, the park is operated by three employes, a concession stand manager and two lifeguards. Entirely self-supporting, funds for operating the park come from swimming admissions to the beach and profits from the concession stand.

Covering a total area of some 30 acres, the park is divided into 20 acres of water and 10 of land. At one time the lake, which is spring-fed, was a stone quarry. Before being taken over by the village two years ago, the park was controlled by the state and was known as the Richwood State Lake.

Present park backers give a great deal of credit for its development as a popular recreation spot to the work some four years ago of Charles Brobeck, a former Richwood resident now serving as coach at Pleasant High School. He revived interest in the park by giving free swimming lessons to anyone wanting them.

—:—

WHEN THE VILLAGE took over the park two years ago, a five-man Park Board was formed to administer its business. Bert Ballinger is president and Thomas Thomasson is treasurer. Serving with them are Cecil Charles, Carl Bugg and Junior Rider.

Many hours of work have been given by these men to build up the park.

Today, in addition to the swimming available in the lake, the park has facilities for picnicking, fishing, tennis, horseshoe playing, and playground equipment including swings and teeter-totters for the children.

Swimming hours at the beach are from 1 to 8 p.m. daily. Operating the concession stand is Mrs. Janet Welsh, who is assisted by her two youngsters, Donnie and Chuckie.

—:—

LIFEGUARDS are Don McDaniel, who has charge of swimming classes, and Fritz Drodofsky, football coach at Richwood High School.

Three mornings a week swimming instruction, under Red Cross sponsorship, is given by McDaniel, with separate classes scheduled for adults and children. Boys 13 years of age and over may attend junior lifesaving classes. More than 40 presons are enrolled in these classes.

Reservations for family reunions and picnics are welcomed, Mrs. Welsh reports, adding that there is no charge for this service. In addition to a shelter house, there are 18 picnic tables and little stoves for outdoor cooking available on the park grounds.

The park opened on Memorial Day and will remain open until Labor Day.

Weddings

Announcement is being made of the marriage of Miss Margaret Louise Dunlap, daughter of Mr. and Mr. A. G. Dunlap of Tiffin, and Gerald Everett Issler, son of Mr. and Mrs. Keil D. Hochstetter of Harding Highway West which took place July 1 in Fort Wayne, Ind.

The bride was graduated from Columbian High School in Tiffin and attended Heidelberg College. The bridegroom was graduated from Harding High School and is associated with the S. S. Kresge Co. in Fremont. A member of the Air National Guard, he will spend the next two weeks in camp at Collins Field, Alpena, Mich. after which the couple will take up their residence in Fremont.

TO PLAN CAREY DRIVE

CAREY — Members of the Carey School board, village Council and other organizations will meet Tuesday at 8 p.m. in the Council room at the municipal building for the purpose of discussing the placing a cylcone fence around the football field at Carey Memorial Park. Estimated cost of the fence is $6,000 and the transfer of the football field from the high school to the park depends upon public contributions. Plans for launching a drive for funds will be made at this meeting.

American imports of mink fur have doubled in the last seven years.

HABIT

PORTLAND, Me. — (UP) — It was an old story for Charles A. Collins, 56, of Auburn when he started serving 30 days in jail on a conviction for intoxication. It was his 131st arrest for the same offense.

Carey Council Raises Sewer Rental Charges

CAREY — The Carey village Council determined to eliminate the deficit in the sanitary sewer fund and put that department on a self-supporting basis, passed Ordinance No 456 Tuesday night, increasing all sewer rental charges The sanitary sewer fund had been "running in the red" for the past 15 years The ordinance states that subscribers formerly paying 75 cents a month will now pay $1 75 The majority of the other rates are doubled and in a few instances increased in even greater proportions.

Complaints were also heard Tuesday against the offensive odor from the Run Paul Woods, Leonard Brandt, Clifford Holden, Russell Shull and Edmund Weaver, who have property east of Carey, voiced the complaint Illness of of livestock in that area was attributed to the animals drinking from the Run The men were of the opinion that the water being discharged into the Run from the disposal plant is not being properly treated The question of violation of state health department regulations was brought up

Council also passed as emergency legislation Ordinance No 457 directing work to proceed on the construction of curbing petitioned for by residents on Clay St, between Cleveland Ave and St. Marys Ave

Council passed resolution No 356 petitioning the state tax commission for transfer of $10,000 from the electric fund to the general fund to pay for a garage to house village equipment.

Building permits granted were

W. H Houk, two-story cement block and brick addition, 26 feet by 41 feet, 10 inches to the Houk Hardward Store; Joe Hucke, four-room frame house 26 by 20 feet on Frederick St
